

# HP Remote Graphics Software (receiver for Mac®)

Extreme workstation power from the comfort of your Mac®.

Securely connect your Mac® or MacBook® to an ultra-fast and reliable HP Z Workstation for high-performance creativity and productivity with the new Mac® receiver for HP Remote Graphics Software (RGS)<sup>2</sup>, built from the ground up for even the most demanding workflows.

#### **Use your Mac® as a gateway to robust Linux® and Windows® performance**

Experience maximum application flexibility by multi-tasking between your local Apple® environment and super-charged Windows® or Linux® workstation apps through HP RGS—all from your Mac® or MacBook®.

#### **Get blazing-fast throughput**

Work on your remote workstation as if you were sitting in front of it—all from the comfort of your Mac®. With transfer speeds up to 60 fps, HP RGS looks fantastic even at 4K or in multi-monitor setups.

#### **Join the team**

Collaborate across the office or from anywhere in the world with HP RGS. Use your Mac® or MacBook® to connect to a Windows® or Linux® workstation collaboration session for live, interactive edits and reviews.<sup>1</sup>

## HP Remote Graphics Software receiver for Mac®

### Take your work home

Pick your project up whenever inspiration strikes. With HP RGS, you can log into your Windows® or Linux® office workstation from your Mac® or MacBook® and keep the momentum going.

### Securely access your workstation apps

Get secure, real-time, remote access to your workstation apps with 256-bit encryption that only sends an image and leaves your intellectual property in the data center.<sup>1</sup>

### Getting HP RGS is easier than ever

Download the Mac® receiver no charge at [www.hp.com/go/rgs](http://www.hp.com/go/rgs).

### Global reassurance

Rest easy that HP is here to help. Get 90 days of phone-in setup support when you download the Mac® receiver for HP RGS. Additional phone-in technical support is available when you purchase an optional HP Care service.<sup>2</sup>
