## Program Overview

### Premium access to expedite support needs and improve productivity

HP understands that organizations need a more direct way to access skilled remote support agents for IT help desks. HP Priority Access, with online case management tools—available 24/7, leverages internal diagnosis to reduce help desk phone time, efficiently process repairs, and resolve issues faster.

### Priority Service suite

Priority Access is one of two offerings under HP's Priority Services. The other is Priority Management. In addition to the features associated with Priority Access, Priority Management also provides an assigned Global Customer Support Manager, Parts Prioritization and global management reports. Please contact your HP representative if you would like more information about Priority Management.

### Technical support designed for IT

Designed to support IT professionals, not end users, we leverage IT diagnoses, bypassing standard troubleshooting steps—resulting in up to 30 percent shorter support call times to get customers back to business.

### Global experience

Globally consistent experience in more than 60 countries and over 20 languages. Refer to "HP Priority Service Helpline Numbers for PCs and Printers" for specific country information.
