

Brief

Provide exceptional care with exceptional notebook computing

HP Notebooks for Healthcare

Deliver care efficiently with user-friendly HP Notebooks that include long battery life and enhanced security.

HP recommends Windows 10 Pro.

Whether it's in a hospital or private practice, healthcare technology can have a great impact on the overall patient experience. In order to provide the very best care, it is imperative that physicians and medical staff work with notebook PCs that are efficient and protect patient information.

HP Notebooks are designed to do just that. In addition to top security solutions and a long battery life, these notebook PCs have passed MIL-STD 810G testing² and stand up to the rigors of any healthcare environment.

HP EliteBook x360 1030

Innovative technology helps enable providers and empower patients.

Stunning. Secure. Your new favorite convertible.

With 360 degrees of versatility across five modes, superb security, and up to 15 hours and 15 minutes of battery life³, the thin and light HP EliteBook x360 1030 is perfect for highly mobile clinicians and healthcare personnel. Instantly protect against visual hacking with HP Sure View⁴, an optional integrated privacy screen helping ensure HIPAA compliance.

Iconic Elite design

Beauty, durability, and functionality come together like never before. The stunning HP EliteBook x360 with a CNC aluminum uni-body frame, diamond cut accents and 13.3" diagonal display defines precision craftsmanship.

Take it for a spin

Be prepared for any patient environment with 360° flexibility. Five use modes—work, share, present, conference, and write— deliver modern-day versatility, collaboration, and productivity to the healthcare environment.

HP EliteBook 800 Series

Impressively thin and light, the HP EliteBooks empower clinicians and physicians to work efficiently, connect, and collaborate, using high-performing technology that boosts productivity in any healthcare setting.

Portable powerhouse

With high performance technology, long battery life, durability that has passed MIL-STD 810G testing,² and next generation memory, these ultraslim and light machines pack a serious punch.

All the right ports

Connect to essential ports you need without the hassle of dongles.

Security inside and out

HP helps protect you from malware and visual hacking. HP Sure Start with Dynamic Protection protects against BIOS attacks, and the optional HP Sure View integrated privacy screen⁴ shields your screen from prying eyes with the touch of a button.

In-house serviceability

Perform repairs quickly and onsite with conveniently serviceable components such as memory, battery, storage, display panels, and WWAN.⁵

Customized protection

HP BIOSphere boosts security with customizable authentication for medical staff.

Subscribe and simplify

Help maximize your cash flow with the use of best-in-class hardware and services for a monthly payment —and replace your notebooks with brand new ones every three years.⁶

1. Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers and/or software to take full advantage of Windows functionality. Windows 10 is automatically updated, which is always enabled. ISP fees may apply and additional requirements may apply over time for updates. See windows.com
2. MIL STD 810G testing is not intended to demonstrate fitness for U.S. Department of Defense contract requirements or for military use. Test results are not a guarantee of future performance under these test conditions. Damage under the MIL STD test conditions or any accidental damage requires an optional HP Accidental Damage Protection Care Pack.
3. Windows 10 MM14 battery life will vary depending on various factors including product model, configuration, loaded applications, features, use, wireless functionality, and power management settings. The maximum capacity of the battery will naturally decrease with time and usage. See bapco.com for additional details.
4. HP Sure View integrated privacy screen is an optional feature that must be configured at purchase and is available on select HP EliteBook PCs only.
5. WWAN is an optional feature and use requires separately purchased service contract. Check with service provider for coverage and availability in your area.
6. Financing and service offerings available through Hewlett-Packard Financial Services Company and its subsidiaries and affiliates (collectively HPFSC) in certain countries and is subject to credit approval and execution of standard HPFSC documentation. Subscriptions to use are available for 24 or 36 month terms. Rates and terms are based on customer's credit rating, offering types, services and/or equipment type and options. Not all customers may qualify. Not all services or offers are available in all countries. Other restrictions may apply. HPFSC reserves the right to change or cancel this program at any time without notice.

HP Services are governed by the applicable HP terms and conditions of service provided or indicated to the Customer at the time of purchase. The Customer may have additional statutory rights according to applicable local laws, and such rights are not in any way affected by the HP terms and conditions of service or the HP Limited Warranty provided with an HP product.
