

HP 8-inch Mobile Solutions for Retail

Bring the checkout to your customers

Create an efficient, mobile, customer-focused retail operation. These 8-inch diagonal solutions combine the power and performance of the HP Pro Tablet 608 with flexible payment enablement¹ capabilities to empower associates on the store floor.

HP Pro Tablet Mobile Retail Solution

HP Pro Tablet 608, HP Retail Case, your choice of mobile payment terminal

Pick your payment device

Add your choice of payment devices to the HP Pro Tablet 608 with the HP Retail Case 8—this solution accommodates most third-party mobile payment terminals for easy integration with your existing hardware. The solution accepts most major forms of payment—debit cards, EMV, contactless, NFC, Google Wallet™, and Apple Pay™—for an enhanced customer experience.

Mobile, durable, and secure

Complete the sale on the go—the HP Pro Tablet 608 features optional wireless connectivity² and the sleek, lightweight HP Retail Case 8 offers shoulder strap connectors and an optional hand grip for easy carry. The Windows-based, 8-inch diagonal tablet supports seamless integration with your existing infrastructure. Secure the solution to the optional HP Pro Tablet Mobile Retail Charging Dock³, and attach the dock to a fixed location with built-in locking provisions.

HP Pro Tablet Mobile Payment Solution

HP Pro Tablet 608, HP Payment Jacket, Verifone e355

Fully integrated and ready when you are

Choose a seamless solution—the HP Pro Tablet 608 and HP Payment Jacket are fully integrated with the Verifone e355.⁸ Charge the tablet and Verifone simultaneously in the jacket so it's ready to go at a moment's notice. The Verifone e355 payment terminal accepts credit and debit cards, EMV, contactless, NFC, Google Wallet™, and Apple Pay™. Windows management and security features support smooth integration with your existing Windows apps and infrastructure.

Connected, mobile, and efficient

Stay connected anywhere in the store using optional wireless, Bluetooth®, or easy USB connectivity. This payment solution charges both the tablet and the Verifone e355 when placed in the optional Verifone e355 charger, which holds three units. Molded hand grips and an optional shoulder strap make it easy to carry where customers take you.

HP 8-inch Mobile Solutions for Retail

HP Pro Tablet Mobile Retail Solution

HP Retail Case 8

- Universal PED attachment method allows operability with a wide range of mobile payment devices that accept most major payment methods
- Rotating PED mount mechanism easily adjusts to users' preferred display orientation
- Slim design and lightweight allows for an easy carry
- Durable enough to protect against accidental drops and bumps experienced in fast-paced environments
- Provision for a shoulder/hand strap
- Compatible with HP Pro Tablet Mobile Retail Charging Dock for convenient charging and locking
- Optional multi-position hand grip
- 1 lbs. total weight (without PED)

HP Pro Tablet Mobile Retail Charging Dock³

- Connect the HP Pro Tablet 608 to the optional dock without having to remove it from the HP Retail Case 8
- Built-in locking provisions to secure your solution to the dock and the dock to a table, counter, or kiosk⁵
- Adds USB and RJ-45 connectivity to your mobile retail solution

HP Pro Tablet Mobile Payment Solution

HP Charging Station

- Manages charging of three complete payment solutions
