

HP Stream 11 Pro G3 Notebook PC

Upgrade classroom learning with the thin, light, and powerful HP Stream 11 Pro. Take learning to the next level with Windows 10 Pro¹ while maximizing collaboration using optional Microsoft OneDrive² cloud storage and stable and reliable WLAN³ connectivity.

HP recommends Windows 10 Pro.

- Windows 10 Pro¹

Ready to work

- From the start of class to after-school homework, stay productive with the Stream 11 Pro's long battery life.

Budget friendly, classroom ready

- This budget friendly notebook is built for learning with WLAN³ for easy connectivity in the classroom, hardware and firmware TPM⁴ for security, fast boot-up time, and 5th Gen Intel[®] Celeron[®] processing power⁵.

Sleek style, quiet operation.

- The ultra-slim quiet fan-less design helps keep classrooms focused without the ambient noise from multiple machines.

Extra security

- The embedded Trusted Platform Module 2.0 (TPM)⁴ provides hardware-based encryption keys to help secure data, e-mail, and login credentials.

Featuring

- Get up to speed with Windows 10 Pro¹ and optional OneDrive² cloud storage that delivers productivity and enable studying online and offline with compatible applications.
- Enable teams to collaborate and excel at projects with a VGA webcam and an enhanced microphone that helps reduce noise and echoes.
- Gain fast, reliable wireless with built-in Intel[®] Wi-Fi and Bluetooth[®] technology⁷.
- Add your choice of peripherals, connect to a display, and expand your storage options with a range of ports.
- Rest easy with support you can trust and keep everything running smoothly with HP's world-class one-year limited warranty. Extend your protection with optional HP Care Pack⁸.
- Customize workspaces with a range of optional accessories⁶, including the HP USB Ethernet Adapter and HP HDMI to VGA Adapters.

Product number: UL653E

Messaging Footnotes

¹ Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers, software or BIOS update to take full advantage of Windows functionality. Windows 10 is automatically updated, which is always enabled. ISP fees may apply and additional requirements may apply over time for updates. See <http://www.windows.com>.

² Requires internet access and subscription for OneDrive.

³ WLAN requires wireless access point and internet service. Availability of public wireless access points limited.

⁴ Firmware TPM is version 2.0. Hardware TPM is v1.2, which is a subset of the TPM 2.0 specification version v0.89 as implemented by Intel Platform Trust Technology (PTT).

⁵ Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance will vary depending on your hardware and software configurations. Intel's numbering is not a measurement of higher performance.

⁶ Sold separately or as optional feature.

⁷ Wireless and Bluetooth may be optional features. Wireless requires separately purchased access point and internet service. Availability of public wireless access points limited.

⁸ Service levels and response times for HP Care Packs may vary depending on your geographic location. Service starts on date of hardware purchase. Restrictions and limitations apply. For details, visit www.hp.com/go/cpc. HP services are governed by the applicable HP terms and conditions of service provided or indicated to Customer at the time of purchase. Customer may have additional statutory rights according to applicable local laws, and such rights are not in any way affected by the HP terms and conditions of service or the HP Limited Warranty provided with your HP Product.

Technical Specifications Footnotes

¹ Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers, software or BIOS update to take full advantage of Windows functionality. Windows 10 is automatically updated, which is always enabled. ISP fees may apply and additional requirements may apply over time for updates. See <http://www.windows.com>.

² Multicore is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel's numbering is not a measurement of higher performance.

³ For storage drives, GB = 1 billion bytes. TB = 1 trillion bytes. Actual formatted capacity is less. Up to 30 GB (for Windows 10) is reserved for system recovery software.

⁴ Wireless requires wireless access point and Internet service. Availability of public wireless access points limited. The specifications for the 802.11ac WLAN are draft specifications and are not final. If the final specifications differ from the draft specifications, it may affect the ability of the notebook to communicate with other 802.11ac WLAN devices.

⁵ HD content required to view HD images.

⁷ External power supplies, power cords, cables and peripherals are not low halogen. Service parts obtained after purchase may not be low halogen.

⁸ Internet access required to receive updates. First update included. Subscription required for updates thereafter.

⁹ HP ePrint requires an internet connection to HP web-enabled printer and HP ePrint account registration (for a list of eligible printers, supported documents and image types and other HP ePrint details, see www.hp.com/go/businessmobileprinting).

¹⁰ Internet access required.

¹¹ EPEAT® registered where applicable. EPEAT registration varies by country. See www.epeat.net for registration status by country. See HP's 3rd party option store for solar energy accessory www.hp.com/go/options.
