

HP JetAdvantage Partner Solutions Catalog

HP sold and partner sold solutions

HP JetAdvantage Workflow Solutions

Enable employees to easily capture, manage, and share information—with HP JetAdvantage solutions. Improve productivity and gain a competitive advantage with workflow solutions that help you make the most of your IT investment.

HP JetAdvantage Security Solutions

HP JetAdvantage security solutions work with your HP printers to provide unmatched, automated print security to help protect your network and reduce the time and effort you need to spend to securing it.

HP JetAdvantage Management Solutions

Centrally control your fleet of printers, scanners and MFPs—and more effectively manage costs—using versatile, powerful HP JetAdvantage solutions. Expertly monitor, manage, update, and troubleshoot devices while saving IT time and budget.

HP JetAdvantage Mobile Print Solutions

Help employees stay productive with effortless mobile printing from their smartphones, tablets, and notebooks—while maintaining security policies and managing printer access with HP JetAdvantage mobile printing software solutions.

HP JetAdvantage On Demand Solutions

Simplify business printing with one powerful portal for managing both apps and users access. A collection of cloud-based apps available from HP and third-party ISVs are designed to enhance the capabilities of HP and multi-vendor devices by streamlining business processes. A single, web-based console provides quick access to, and management of, licensed apps and end user access. Cloud-based apps help avoid the incremental cost and time required to deploy on-site servers and managing software.

 Cloud-based applications on the HP JetAdvantage On Demand Portal

Accelerating business-ready solutions

The competitive edge

The HP JetAdvantage Solutions Partner Program helps bring world-class solutions to market. Through carefully designed partnership tiers that offer different levels of benefits, this program combines breakthrough HP printing and imaging devices with leading third-party solutions meeting Print and Device management, Security, Capture, Workflow, Mobility and Fleet management business needs. HP JetAdvantage partners also provide Software-as-a-Service (SaaS), cloud-based applications in the JetAdvantage On Demand marketplace and management portal, enabling the HP JetAdvantage partner program to connect with transformative companies and deliver best-in-class solutions to customers that are easy to try, deploy and manage.

The right approach to partnership

HP JetAdvantage Solutions Partner Program tiered membership for HP sold (Platinum & Gold) and partner sold (Silver) solutions, provides partners the right level of resources to match their needs. These programs and services stretch across geographies, provide tailored service offerings, and deliver fine-tuned support capabilities.

A complete portfolio

Driving mutual success

The HP JetAdvantage Solutions Partner Program uses stringent criteria to choose partners and applications. To enhance the broadest portfolio of offerings, HP selects solutions developers who solve business critical issues.

The HP Accreditation Certification and, Test (ACT) program provides a complete process to accredit partners and certify solutions. With this verification, customers can have confidence in the quality of solutions, while partners can reduce development time and support costs.

HP Platinum solutions

HP defines the solution qualifications and reviews the solution design, establishes a designated HP contact from the HP ACT program while the solution undergoes HP ACT testing, as well as HP ACT safety and legal audits.

HP Gold solutions

Gold solutions are tested in HP-approved accredited design centers where the partner goes through design reviews, assessments, adjustments, and test-review meetings. After testing is completed, the partner reviews the results with an HP contact for approval.

HP Silver solutions

The Silver Partner program is the entry level tier for solution developers. It enables the HP JetAdvantage program to collaborate with and enable a broad set of quality business solutions to the marketplace. These solutions extend the value and reach of HP LaserJet printers and MFPs while leveraging HP device revenue.

HP JetAdvantage Management Partner Solutions

Print Management

Company	Solution name	Description	Partner Tier	Region
EuroForm A/S	JetAdvice Manager	Cloud based managed print solution with the best dataset available, providing a solid basis for making informed decisions—both for you and your customers. Ideal for a wide range of use cases including: automated supplies handling, custom system integration and reliable advice on device level. Advanced reports and email alerts ensures high efficiency and reduce costs.	Silver	AMS, APJ, LA, EMEA
EuroForm A/S	JetAdvice Hybrid	Endless possibilities, such as integration, automation, prototyping, one-time reports and more. Link any back office system with JetAdvice Manager, for easy access to the collected data in any on-premise SQL database, regardless of where it is located. No more time-consuming manual synchronization between systems, but more time to processes that create more business value.	Silver	AMS, APJ, LA, EMEA
EuroForm A/S	JetAdvice Premium	The full picture of your print environment with professional on-demand and in-depth reports, which instantly creates valuable assessments for decision making. With unlimited reports of unlimited managed devices and the best dataset available, it is the most complete cloud-based tool to optimize a printing fleet. All collected data will be safely stored forever for your reference.	Silver	AMS, APJ, LA, EMEA

Job accounting

HP partner job accounting solutions allow users to monitor, allocate and optimize printing costs, but also have security features. You will find them listed in the Secure pull printing and authentication category.

HP JetAdvantage Security Partner Solutions

Secure document and check printing

Company	Solution name	Description	Partner Tier	Region
TROY	TROY Secure Prescription Printer	A practical and cost-conscious alternative to preprinted prescription pads and security paper, helping to prevent unauthorized copying, modification, and counterfeiting of prescriptions.	Platinum	NA
TROY	Security Locking Trays	Provide the ability to secure paper stock in lockable input tray when printing important information in a public workgroup accessible environment.	Platinum	NA, EMEA
TROY	Font Memory Kits—USB	Add high-quality MICR printing capabilities to your existing HP LaserJet printer. With the addition of a TROY Font DIMM or Font Memory Card, the TROY Security Fonts will be added to your printer.	Platinum	NA, EMEA
TROY	Secure MICR Toner cartridge, APACS Toner	Deter fraudulent activity with a design feature that reveals a red stain to highlight potential chemical alterations.	Platinum	NA, EMEA
TROY	Security MICR Printer	Print checks securely on blank check paper stock and use intuitive features—including MICR toner sensing, key locks, paper tray locks, and paper tray shielding—that help assure quality, prevent theft of check stock, and control access to the printer.	Platinum	NA, EMEA
TROY	Signature and Logo Kit	Convert your signature into a secure, digital image unique for your use.	Platinum	NA, EMEA
TROY	Security Printer	Safeguard sensitive paper stock with secure locking trays, providing only authorized personnel with access.	Platinum	NA, EMEA
Celiveo	MicrDIMM	A complete, easy-to-use solution that helps safely and accurately print checks on HP LaserJets printers and MFPs.	Gold	WW
Celiveo	Enterprise	Celiveo is an advanced enterprise class solution for documents security, BYOD printing, serverless and VDI printing, printers and MFPs management. Celiveo secures document output, drastically reduces printing and makes printing convenient for an increasingly mobile workforce while being able to remove all print servers.	Gold	WW

Secure document and check printing (continued)

AP Technology	APSecure-BOC Branch Official Check Printing System	Streamline the process of official check issuance at branch locations, while enhancing overall fraud control, using a web-based application. Provide print-stream encryption to the printer-level on select HP LaserJet Printers.	Silver	NA
AP Technology	APSecure-RCP Remote Check Printing System	Enhance security when printing checks locally and to remote locations, using a web-based application.	Silver	NA
AP Technology	APSecure-ROC Remote Official Check Printing System	Offer commercial clients the ability to print cashier's checks to remote, off-network locations. Centralize printing management at the bank, and allow for print-stream encryption on select HP LaserJet printers.	Silver	NA
AP Technology	SecureCheck Pro	Print checks on blank stock, using most industry-standard accounting applications.	Silver	NA
AP Technology	SecurePay	Help protect against fraud by automating the conversion and transmission of positive pay files, in your bank's required format.	Silver	NA
Privatizer Technologies LLC	Print to Mail Accessory	Fold and seal your stamped mailings, including checks, invoices, receipts, and direct-mail promotions.	Silver	NA, LA
Shanghai Jitao	EZTracker	EZTracker is a job accounting software for HP's LaserJet/MFP devices developed in Mainland China. It enables companies to save on printing costs immediately and help manage what is printed and who is printing.	Silver	APJ
TypeHaus, inc.	CheckBox III: Secure Check and Signature Printing MICR Font	Store forms, fonts, signatures, and logos on a removable secure card at your printing device. Help protect against unwanted printing of checks and other documents.	Silver	NA, EMEA
TypeHaus, inc.	CheckJet for QuickBooks Check Printing	Perform on-demand printing of complex checks. Eliminate the need for pre-printed check stocks for individual accounts.	Silver	NA, EMEA

Secure pull printing and authentication/job accounting

Company	Solution name	Description	Partner Tier	Region
Nuance	Equitrac Security and Job Accounting Solution	Monitor and control printing to meet print strategy goals, enhance device and user efficiency, and maintain data privacy—all in a versatile, easy, and cost-effective way.	Platinum	WW
Nuance	SafeCom Security and Job Accounting Solution	Centralize print administration, ensure document confidentiality, eliminate waste, and correctly allocate printing costs.	Platinum	WW
Pharos	Blueprint	Track and measure the real costs of printing based on actual usage. This robust print management software monitors every printed page and every print application that's used within a managed print environment.	Gold	NA, AP, EMEA
Pharos	Uniprint	Customizable, Job accounting solution for organizations that provide authentication, account billing to online card systems, cost recovery, and pull printing.	Gold	NA, AP, EMEA
A.N.D. Technologies	Pcounter	Whether its print cost recovery, MFP/copier control, rules-based printing, or simple usage tracking, Pcounter offers a variety of print/copy management solutions that are flexible for any vertical market. Also we have a mobile printing solution called EveryonePrint.	Silver	WW
ANV Co. Ltd.	EPM-PSARM	For Print job accounting, control and security, EPM has more powerful functions than former solution, PSARM. As an embedded solution without printer server, enable to increase efficiency and security for printing with your own printing policy	Silver	APJ
Bear Solutions	eCMSIP for HP	CMSIP allows authentication, print release for follow me printing, secure printing, copy, scan and fax management directly on a HP device using eCMSIP for HP. eCMSIP provides an improved user experience by utilizing MFD touch screen and native functionality.	Silver	APJ
Beijing Lanxum	DOMAS	Monitor, measure and manage network wide document output, and accurately allocate output costs to users, departments and devices. The pull print and follow-you print by swipe card authentication can make document printing more secure and convenient.	Silver	APJ

Secure pull printing and authentication/job accounting (continued)

BrocadeSoft	SysPrint	Brocadesoft SysPrint is a comprehensive server-based digital output management solution, it enables user to install a central, local print queue with universal print driver in.	Silver	APJ
Cirrato Technologies	Cirrato Follow Print	Cirrato Follow Print is a secure printing solution that offers increased data security, reduced waste and increased flexibility with full control over printing costs.	Silver	AMS, APJ, LA, EMEA
Cirrato Technologies	Cirrato One	Consolidate print servers with Cirrato. With Cirrato organizations enjoy centralized print queue and print driver management with minimal bandwidth consumption while having full control over print costs.	Silver	AMS, APJ, LA, EMEA
Copitrak	Embedded Copy Control	Enable users to access personal convenience features at your HP MFP. Validate account numbers via a real-time link between your MFP and your accounting system.	Silver	NA, EMEA, APJ
CZ Solution	CZ Print Job Tracker	Manage printing activity across your organization. Identify costs, implement charge-backs, control printing at the user level, and place limitations on print jobs.	Silver	NA, EMEA, APJ, LA
CZ Solution	CZ Print Release Station	Reduce unwanted printing costs, using this hold and release function from CZ Print Release Station.	Silver	NA, EMEA, APJ, LA
EPSoft	EasyReport	Track real-time printing expenses plus scan and fax usage while enhancing security features and monitoring print jobs, all from one powerful EasyReport application. Manage print jobs and costs, enforce your company's printing policies, and help protect sensitive information, using job accounting/routing and splitting, print quotas, authentication, and secure pull printing.	Silver	APJ
nddPrint	nddPrint Releaser	Print in any device of the corporate environment, any time you want, safely, by means of the embedded release agents in the devices' dashboards, card readers, totems, tablets, smartphones and web. Make your corporate print environment secure, flexible and above all, mobile.	Silver	WW
PaperCut Software International	PaperCut MF	Protect confidential documents and slash the volume of unclaimed printouts by ensuring users release print jobs when ready at the MFP using Find-Me printing. User's queue print jobs to a virtual queue, and then securely release them for printing with user login/swipe card authentication only when standing at a specific MFP to collect sensitive documents. Allocate costs at the device to shared accounts and bill or charge for every copy, print, scan and fax. Track the job origin with watermarking and see what's been printed with archiving to ensure high levels of accountability and security for all user activity.	Silver	WW
PaperServe	PaperServe	Can be easily suited to any market where the desired result is visibility into your printing infrastructure so that measurement and management can become a reality. Results in a successful monitoring and cost-saving system.	Silver	EMEA
Plus Technologies	OM Plus	OM Plus is advanced, intelligent print spooler management software that provides print confirmation, pull printing, re-printing, re-routing, automated fail-over, load balancing, Rx, bundling, re-sequencing, detailed user statistics, and much more.	Silver	WW
Print Manager	Print Manager Plus	Track quotas, monitor users, and help control print resources for a complete print management solution.	Silver	NA, EMEA, APJ, LA
Print Manager	Print Manager Plus Library Edition	Monitor, hold, and complete payments in one click, using this software-based solution designed for most library environments. Release print jobs using a web-based interface.	Silver	NA, EMEA, APJ, LA
Print Manager	Print Manager Plus with Client Billing & Authentication	Authenticate and help manage clients, accounts, matter codes, and users for billing and charge back purposes.	Silver	NA, EMEA, APJ, LA
RF IDEas	RF IDEas Card Reader	RF IDEas designs, develops, & manufactures card readers that support nearly every door access proximity, contactless smart card & magnetic stripe card technology worldwide.	Silver	NA
Ringdale	FollowMe	Safeguards confidential information with secure FollowMe office and mobile printing. Provides authenticated access control and auditing for copy, fax and scan workflows on HP MFPs. Provides customizable reporting and policy tools for cost management and compliance. Branch Office printing, Data Loss Prevention (DLP) and an enterprise scalable feature set to compliment.	Silver	NA, EMEA, APJ, LA
YSoft	SafeQ	YSoft SafeQ's Authentication and Print Roaming features offer the most scalable solution for secure printing from any printer. Credit and Billing offers pay-to-print services, usage quotas and accurate reporting by billing codes or cost centers.	Silver	AMS, APJ, LA, EMEA

HP JetAdvantage Mobile Print Partner Solutions

Mobility

Company	Solution name	Description	Partner Tier	Region
ePRINTit	ePRINTit	ePRINTit delivers a broad range of document solutions. These include document imaging and on-site solutions, personalized custom print and mail solutions, as well as document management and logistics solutions.	Silver	WW
EPSoft	JetAnywhere	Get convenient printing from a secured network or wireless access point, within public spaces such as universities, libraries, cafés, and hotels. Easy, real-time payment collection via a credit card or existing user account virtually eliminates unclaimed print jobs.	Silver	APJ
Oberon Service Srl	J@mail	Receive and print email messages directly on your HP LaserJet printer or MFP. Process PDF, TIFF, MultiTIFF, and JPG files on the printer, without a PC or printer driver.	Silver	NA, EMEA
PaperCut Mobile	PaperCut MF	PaperCut's Mobile print management solutions provide print tracking and control for BYOD using Email to Print, Web print, Google Cloud Print and iOS Printing. Email to Print allows any web-connected mobile and portable device to print documents simply by sending an email to the network's print devices. Web Print enables printing from user-owned devices via a browser without the overhead of installing printer drivers and managing server authentication.	Silver	WW
PrinterLogic	Mobile, BYOD & Guest Printing	Enables mobile, BYOD users and guests to easily print, whether they are on or off-network. On-network users email their print jobs to the PrinterLogic queue and release to any network printer. Off-network users email their print job directly to a specific printer where they are received and immediately printed.	Silver	EMEA,AMS
Ringdale	Ringdale FollowMe Mobile Printing	Allow users to print effortlessly while on the move, documents can be submitted for print via Apple AirPrint, Google Cloud Print, e-mail and web-client. Enterprise users can print from their iPhone, Android, Blackberry, Windows Phone, or any other mobile or tablet device. Apps are not required to enable mobile printing and full reporting capabilities are available for mobile print usage.	Silver	NA, EMEA, APJ, LA
Ringdale	Ringdale FollowMe Guest Printing	Enable guest users to easily print to networked printers and MFPs within the enterprise. Guests can easily submit documents to print from any connected mobile phone or tablet device without administrative assistance or access to the corporate network. Apps are not required to enable guest printing and full reporting capabilities are available for guest print usage.	Silver	NA, EMEA, APJ, LA
YSoft	SafeQ	Enhances an organization's BYOD initiatives providing secure printing from mobile devices and anonymous guest printing support. Supports AirPrint® for iOS devices or mobile printing via email or web page. The YSoft SafeQ Mobile Terminal is an iOS and Android app for mobile productivity when an embedded terminal is not possible or an external terminal is not feasible.	Silver	AMS, APJ, LA, EMEA

HP JetAdvantage Workflow Partner Solutions

Capture and workflow

Company	Solution name	Description	Partner Tier	Region
Hyland Software	Document Capture and Workflow Solution	Centralize your important business content in one secure location and give employees instant access to the information they need	Platinum	WW ¹
Fenestrae 	UDOCX	UDOCX is a cloud-based document capture and processing Scanning as a Service (SaaS) that allows users to securely scan and store with a single click. The resulting PDF/A file is searchable, easy to integrate into any business process and ready for collaboration within your company. UDOCX significantly reduces IT complexity and eliminates downtime risks. Udocx does not require a big investment cost in hardware or software and features 'out-of-the-box' scalability for 10 to 10,000 documents per day, from a single site or multiple locations.	Gold	NA, EMEA, APJ, LA
Business I.T. Solutions	BITS Print Release	Ensuring that users print what they want, when they want, is key to any modern print strategy BITS PrintRelease has been designed to utilize the latest embedded technology on MFDs to assist with this task. Users simply print to a central queue, then collect their output from their chosen device when ready. Having authenticated to the network, users are presented with a list of waiting print jobs.	Silver	EMEA

Capture and workflow (continued)

<u>FabSoft</u>	Reform PDC	Create a more efficient workplace environment by utilizing Reform PDC, the only business document platform you will ever need. Applications include Distributed Scanning, Variable Data Printing, Cost Accounting, Secure Release Printing and much more.	Silver	NA, LA
<u>FabSoft</u>	Modular Object Scanning Technology	Provides on-demand delivery of documents from the convenience of the multi-function printer (MFP). With just one visit to the MFP, documents can be copied or routed to printers, fax, email or archival systems.	Silver	NA, LA
<u>FabSoft</u>	OMR/Bubble Sheet	Bubble form worksheets frequently used in education for classroom testing, test scanning and grading, transfer to electronic grade books, and reporting. This solution allows flawless customization capabilities when creating any type of bubble form. Not just for educational purposes. OMR/Bubble Sheet can be used for performance evaluations, attendance sheets, customer surveys and much more.	Silver	NA, LA
<u>Imagine Solutions</u>	Encapture	Capture documents and other content from hard copy, electronic files, and other sources, using Encapture from Imagine Solutions.	Silver	NA
<u>Informa Software</u>	ImageQuest (Iqmpf)	Document management solution for HP MFPs and Scanjet scanners. Document capture, storage and retrieval as well as forms processing and workflow for the SMB to Enterprise customers.	Silver	NA
<u>Matrix Development System, S.A.</u>	DifsAutoForm	DifsAutoForm automatically extracts information from purchase and sales invoices without templates or prior instruction. The extracted data can be linked to your ERP or accounting system.	Silver	EMEA
<u>Nuance Communications</u>	NSi AutoStore	Capture and deliver hard copy and electronic documents to your secure business applications, using NSi AutoStore—a server-based application from Notable Solutions, Inc.	Silver	WW
<u>Nuance Communications</u>	OpenForms 360	Automate your data capture process, using optical character recognition technology from OpenForms 360. Process information more efficiently from both structured and unstructured forms.	Silver	WW
<u>Nuance Communications</u>	QuickCapture	Connect a TWAIN-enabled PC scanner to your document management system and deploy advanced image correction, using QuickCapture from Notable Solutions, Inc.	Silver	WW
<u>Nuance Communications</u>	SMARTicket	Automate complex, multi-step workflows into a single ticket.	Silver	WW
<u>NowDocs</u>	NowForms	Convert, manage, and distribute hard copy and digital documents via email, fax, print, or the web. Eliminate the need for preprinted forms.	Silver	NA
<u>OceanX</u>	OceanX ECM	OceanX ECM (Enterprise Content Management) support the cloud-based and multi-tenancy implementation. It is the content management solution where organization can securely discuss, share, and collaborate on critical business content. OceanX ECM refers to the process of information lifecycle started from creation, management, publication, archival, and eventually disposal.	Silver	APJ
<u>OceanX</u>	OceanX Capture	OceanX Capture is a powerful business application that can automatically convert paper document into critical business data for document filing or business applications. It classify, extract, scan, index, and export documents to places such as ERP system, OceanX ECM or other document management systems.	Silver	APJ
<u>Oberon Service Srl</u>	Touch4PDF/A	Create PDF/A files on your HP LaserJet MFP with the touch of a button.	Silver	NA, EMEA
<u>Paper River</u>	FlowMatrix	Capture information more efficiently by automating a range of business processes, using the scalable, rules-based engine of FlowMatrix. Connect mail rooms, distributed capture, client desktops, and core content, records and financial applications.	Silver	EMEA
<u>SyndicIT Services</u>	The Virtual Property Assistant (VPA)	The Virtual Property Assistant (VPA) enables automated digital real estate operations and document based workflow management.	Silver	NA
<u>ScannerVision</u>	ScannerVision	ScannerVision™ is an advanced, user-friendly document capture solution which enables users to scan, digitize, route, store and optimize their business critical information.	Silver	AMS, EMEA
<u>YSoft</u>	YSoft Workflow Suite	Accurate document capture, processing and delivery to pre-defined locations including email, file folder or 3rd party storage and retrieval systems such as SharePoint and Dropbox for business. Robust processing technology includes OCR (Optical Character Recognition) and barcodes. Simple user workflows eliminates errors and improves productivity.	Silver	AMS, APJ, LA, EMEA

Forms automation

Company	Solution name	Description	Partner Tier	Region
Autofont Ltd.	EFSD Printer/Enterprise	Print variable data generated by a variety of platforms, using eForms templates stored on your LaserJet printer.	Silver	EMEA
Autofont Ltd.	EFSD Server/Enterprise	Print variable data generated by a variety of platforms, using eForms templates stored in a folder on your server. Conduct data merging from customer applications using API.	Silver	EMEA
Autofont Ltd.	PrintMaster	Manage the status of your LaserJet printer before, during, and after a print job. Disable printing to prevent a paper jam and other common problems.	Silver	EMEA
S.A.X. Software GmbH	MasterLayout	Maintain a uniform appearance across documents created in Microsoft Office applications. Simplify efforts to develop documents that meet corporate design guidelines.	Silver	EMEA
TypeHaus, inc.	eFormsBox - Electronic forms External Device	Monitor print jobs, automatically inject forms overlays, and reformat portions of your print jobs to generate 1D and 2D barcodes.	Silver	NA, EMEA
TypeHaus, inc.	Electronic Forms development uses SIMM, DIMMs, Compact Flash and USB drives	Get custom electronic form and font design as well as automated form transaction solutions, from TypeHaus, Inc. Deploy printer-based solutions that eliminate the need for pre-printed forms.	Silver	NA, EMEA

Managed Fax

Company	Solution name	Description	Partner Tier	Region
EPSoft	EzFax2Email	Faxes are delivered to your secured email, mobile phone, shared network folders, or a web console, directly from an MFP. EzFax2Email converts faxes to an image file that can be easily and securely retrieved through authentication, archived, and logged for reporting purposes, without the need for a separate platform	Silver	APJ
FaxCore	FaxCore 4370	Send faxes from all versions of Microsoft Exchange, using FaxCore 4370. Eliminate the need for fax lines and hardware by adding the cloud faxing solution FaxCore-etherFAX.	Silver	NA, EMEA, APJ, LA
OceanX Technology	OceanFax Fax Server	OceanFax Fax Server is designed to support the high-volume document delivery in an efficient and reliable way.	Silver	NA, EMEA, APJ, LA
OpenText	RightFax	Bridge the gap between hard copy documents and digital document distribution, by integrating RightFax with your HP MFPs. Consolidate all faxing services on your network, and give users more convenient access to faxing.	Silver	NA, EMEA, APJ, LA
OpenText	RightFax Express	OpenText RightFax Express is a fax server solution that allows employees to easily fax from their desktop, email, back-end applications and MFP devices.	Silver	NA, EMEA, APJ, LA

Output management

Company	Solution name	Description	Partner Tier	Region
Levi, Ray and Shoup, Inc.(LRS)	VPSX	LRS Output Management Software provides a scalable, full-featured environment for managing all of your valuable business documents.	Platinum	WW
Compose Systems, Inc.	Express PrintShop	Perform long print runs inside short print windows, with load balancing and color managing from Express PrintShop.	Silver	EMEA, NA, APJ
LBM Systems, LLC	AXIAR Output Management	Automatically format, deliver, and track print jobs to HP LaserJets and MFPs, through most standard operation systems.	Silver	NA, EMEA
LBM Systems, LLC	AXIAR Deliver	Schedule, intelligently route, track, and troubleshoot document delivery, using print queue management software.	Silver	NA, EMEA
LBM Systems, LLC	AXIAR Format	Create personalized forms, print barcode fonts, and convert documents to network printer-ready format, using any HP business class printing device. Eliminate the need for DIMMs, pre-printed forms, and dot matrix printers. Help accelerate customer migrations to digital document delivery.	Silver	NA, EMEA
LBM Systems, LLC	ClusterQue	Intelligently route and deliver print output using ClusterQue software, through most standard operating systems.	Silver	NA, EMEA

Output management (continued)

<u>Print Audit</u>	Print Audit	Print Audit Embedded installs directly onto HP Open Extensibility Platform (OXP) enabled MFPs, allowing users to control, secure and recover all printing, copying, faxing and scanning costs without the need for external hardware.	Silver	NA, EMEA, APJ, LA
<u>PrinterLogic</u>	PrinterLogic Enterprise Printer Management Solution	Eliminates print servers and enables centrally managed direct IP printing. Empowers IT to manage their entire printer environment from a single administrator portal and the end user to install their own printers with one click. Other features include: centralized printer driver management, pull and mobile printing, Citrix, VDI, VMware printing and more.	Silver	EMEA,AMS
<u>PrinterLogic</u>	Release Printing	Empowers users to print from any device and release their print job to any network printer. User must be at the printer to release the print job via multiple authentication methods, including badge scan, console release or by entering their Active Directory credentials. Thereby increasing security and reducing waste.	Silver	EMEA,AMS
<u>SEH Computertechnik GmbH</u>	SEH Print Server Solutions	Choose SEH Print Server Solutions for efficient spooling management, network traffic, and server administration. Many solutions include security options, including ThinPrint .print Client, free support and updates with up to a five year warranty.	Silver	EMEA
<u>Stethos Systemhaus GmbH</u>	WELP	Deploy a scalable output management solution, using modular software that works with most operating systems and HP print devices.	Silver	NA, EMEA
<u>YSoft</u>	YSoft Print Management Suite	Centralized print management that is scalable from one location to multiple continents. Client Based Print Roaming feature means fewer servers and secure, pull-printing from any printer in the print environment. Reports provide a fact-based print audit of user or group activity.	Silver	AMS, APJ, LA, EMEA

More HP JetAdvantage Partner Solutions

Device extension

Company	Solution name	Description	Partner Tier	Region
<u>AK-NORD</u>	Serial and Parallel Printing	The adapter connects printers and multifunction devices with an USB connection to the parallel or serial interface of PCs, measuring devices, laboratory and diagnostic devices, control panels, or medical devices as well as all other products with a parallel or serial printer interface.	Silver	EMEA
<u>Oberon</u>	Secure USB (SUSB) and (SUSBIO)	Secure USB (SUSB) and Secure USB Digital I/O (SUSBIO) are storage media compliant with USB 2.0 High Speed and USB 2.0 Full Speed. SUSB and SUSBIO have a serial interface implemented in order to connect to external devices using the USB 2.0 specifications, and they come with a library of API to make it easy to write and integrate custom applications. Designed around the MC9S12UF32 from Freescale, this microcontroller has embedded controller for serial RS232 communications and digital I/O management.	Silver	NA, EMEA
<u>SEH</u>	Fiber Adapter FC126/1126 For HP	The Fiber Converter FC1126 for Gigabit Ethernet and the FC126 100Mbit Ethernet are integrated adapters for connecting HP printers to fiber optic networks	Silver	EMEA, AMS, APJ

Fonts and barcodes

Company	Solution name	Description	Partner Tier	Region
<u>ANV Co. Ltd.</u>	Asian Font DIMM	Enable to print Asian Fonts with PCL Font DIMM which has Korean, Chinese(Traditional B5, Simplify, GBK), Japanese and Thai. Give you an efficient method to print PCL mode output with PCL fonts on your applications.	Silver	APJ
<u>EPSoft</u>	Asian Font solution	Asian Postscript DIMM enable hp printers to print to asian Postscript files which has traditional Chinese, Simplified Chinese, Korean or Japanese Postscript font.	Silver	APJ
<u>EuroForm A/S</u>	EuroForm Barcode 100	Print barcodes on HP LaserJet printers quickly and accurately. Deploy from a desktop using Microsoft Windows or from a mainframe.	Silver	NA, EMEA

Fonts and barcodes (continued)

Stethos Systemhaus GmbH	OCR and Barcode Font Module	The OCR and Barcode Module adds easy, quick and versatile OCR, barcode, and symbol printing (featuring the Euro symbol, and many common packaging and electrical symbols) to a standard HP printer.	Silver	NA, EMEA
TypeHaus, inc.	BarCodeJet Ethernet Device for bar code printing	Convert your Ethernet-attached HP LaserJet or MFP into a barcode printer. Print barcodes through SAP and other ERP systems, as well as in-house applications.	Silver	NA, EMEA
TypeHaus, inc.	Barcodes and More Fonts loaded on SIMM, DIMM and Compact Flash	Get all 11 original HP bitmapped fonts plus 2 additional fonts for printing Code 128 barcodes, for HP LaserJets and MFPs.	Silver	NA, EMEA
TypeHaus, inc.	Host USB Flash Memory Device for delivering BarCodes and More, signatures, forms and Fonts	Increase your font choices and the security of your printing, using the convenient USB port on many HP LaserJet printers and MFPs. Store electronic forms, logos, and signatures on a handy USB flash drive.	Silver	NA, EMEA
TypeHaus, inc.	HP SIMM, Compact Flash Memory and DIMM devices	Make your HP LaserJet printer or MFP font-compatible with your applications, using an add-in module containing a set of PCL5 fonts.	Silver	NA, EMEA

Host printing

Company	Solution name	Description	Partner Tier	Region
ANV Co. Ltd.	EPM-ESCP	EPM-ESCP offers emulated printing which substitute HP printers for dot-matrix printers and other DOS/Host/Unix printing with ESC/p, ESC/p2, KS/KSSM mode. Enable to print on your old DOS and Server applications with emulation and PCL Fonts, Korean, Chinese, Japanese, Thai and English, And added menu systems support to high quality printing.	Silver	APJ
I-O Corporation	I-O 3235 IPDS/SCS USB/Flash/DIMM	Print IBM Host AFP/IPDS jobs over an Ethernet network from an HP LaserJet. Efficiently convert IPDS to PCL 5e with HP Jetdirect enabled printers, using management tools provided by HP Web Jetadmin.	Silver	NA, EMEA
I-O Corporation	I-O 5735e IPDS/SCS Printer Gateway	Convert native IPDS or SCS IBM host print jobs to PCL, and print them via TCP/IP using this high-speed gateway print server. Support one network attached printer and offer the same functionality of a direct attached IBM twinax or coax printer.	Silver	NA, EMEA
I-O Corporation	I-O 5755e IPDS/SCS Printer Gateway	Convert native IPDS or SCS IBM host print jobs to PCL, and print them via TCP/IP, using this high-speed gateway print server. Support up to 3 networked printers and offer the same functionality of a direct-attached IBM twinax or coax printer.	Silver	NA, EMEA
I-O Corporation	I-O Adaptio Host Print Software	Print IBM host print jobs over an Ethernet Network via TCP/IP, using Windows-based software. Convert IBM AFP/IPDS and SCS data streams to PCL. Support up to 256 Ethernet attached printers.	Silver	NA, EMEA
MPI Technologies	Blue Kit IPDS USB	Enable native AFP/IPDS language on your HP LaserJet or MFP for high speed performance. Deploy bi-directional communication and error recovery, to minimize data loss and page duplication.	Silver	NA, EMEA, APJ, LA
MPI Technologies	Blue Server	Convert AFP/IPDS and SCS into PCL or Postscript, and convert print jobs into searchable and indexed PDF or TIFF files.	Silver	NA, EMEA, APJ, LA
MPI Technologies	HostCom EIO	Output PCL and PostScript files on HP LaserJet printers and MFPs, using HostCom EIO—an external Coax/Twinax hardware print server.	Silver	NA, EMEA, APJ, LA
MPI Technologies	LinkCom IV	Output PCL and PostScript files on HP LaserJet printers and MFPs, using LinkCom IV, an external Ethernet hardware print server that supports Power Over Ethernet.	Silver	NA, EMEA, APJ, LA
MPI Technologies	DocOut	Output PCL, PostScript, and PDF files via system spool or LAN directly to your HP LaserJet printer or MFP, through most standard server platforms.	Silver	NA, EMEA, APJ, LA
MPI Technologies	LinkCom EIO	Output PCL and PostScript files via the EIO ports on HP LaserJet printers and MFPs, using LinkCom EIO—an internal Ethernet hardware print server.	Silver	NA, EMEA, APJ, LA
