# HP POS Keyboard with Touchpad

## A keyboard optimized for checkouts and counter space

Help ensure fast, accurate transaction inputs even in the busiest retail environments with the HP POS Keyboard II, a full-sized keyboard in a compact 14-inch diagonal design that's great for tight counters and kiosks.

### **Designed for durability**

Everyday accidents at the counter or in the kitchen are no problem for this keyboard, which has dust- and spill-resistant keys and is IP54 rated.

### **Configurable and convenient layout**

Customize the robust 32-bit ARM M4 keyboard with a programmable US 106-position key layout and 28 reconfigurable keys. The redesigned touchpad with two mouse buttons supports easy interaction and helps deter startup locking errors.

### **USB connectivity**

Simply connect the keyboard to any USB port on your retail system.

### **Rest easy**

Get the reassurance of a three-year limited warranty.
