

HP Device as a Service

Reinventing how technology works for you

HP Device as a Service is a new value-delivery model that makes ownership and management complexity a thing of the past. HP Device as a Service can help improve your cash flow, preserve capital to invest in other IT priorities, and deliver a predictable and consistent IT budget.

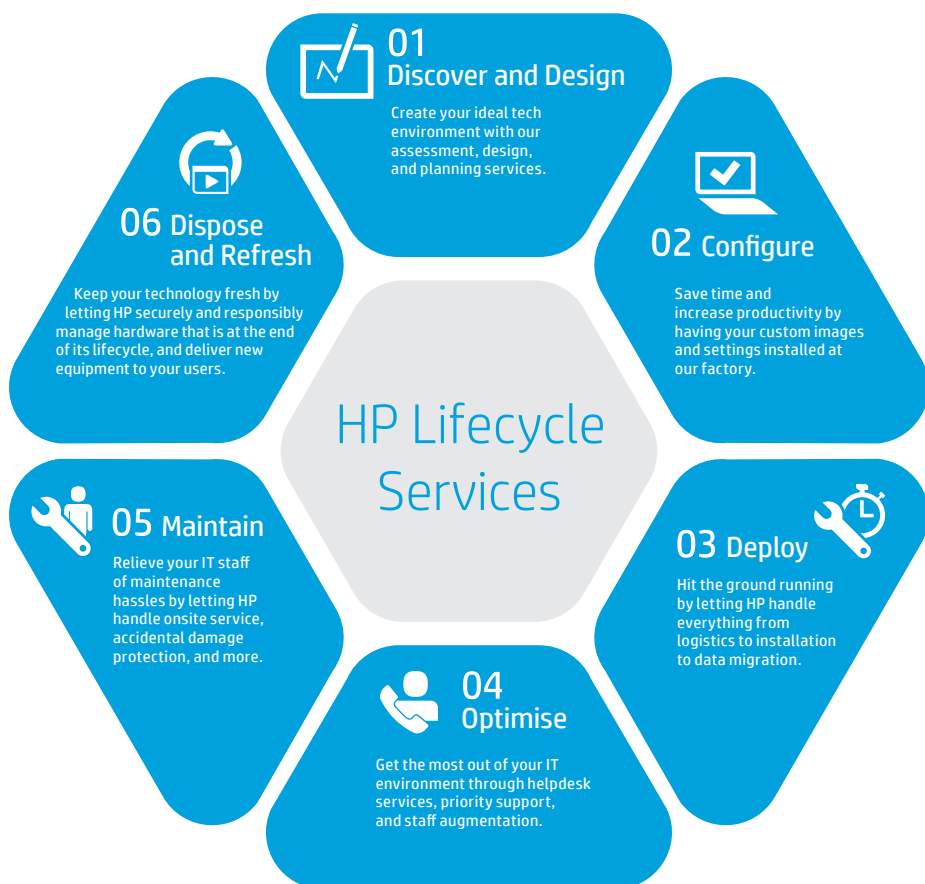

How it works

HP's superb technology, our full portfolio of lifecycle services, and your personal Account Delivery Manager all work together within HP Device as a Service to simplify your lifecycle management—with per-seat, per-month cost certainty.

Choose HP Device as a Service for predictability, security, and a transformed workplace.
