THE NEXT GENERATION OF COMPUTING

HP Elite x3

ONE DEVICE THAT'S EVERY DEVICE

Experience the power and productivity of a PC, the versatility of a tablet, and the capabilities of a premium smartphone in the pocket of a lab coat with the HP Elite x3, HP's first built for business 3-in-1 device. It's designed to deliver simple and seamless access to your people, apps, and data.

DO IT ALL FROM A SINGLE DEVICE

The handheld HP Elite x3 is an easy and convenient way to work, at a charting station and on-the-go while doing rounds. Dock it in the optional HP Elite x3 Desk Dock or HP Elite x3 Lap Dock to get the productivity of a desktop or the convenience of a notebook.

WORK UNINTERRUPTED

Start a task at the point-of-care and finish at the charting station without saving, syncing or restarting with the HP Elite x3, Microsoft® Continuum¹, and the optional docks², which allow clinicians to work with a larger display,

OPTIMIZED FOR TELEMEDICINE

Enjoy clear conversations with premium audio by B&O PLAY, dual front-facing speakers, and active noise cancellation microphones, plus an 8MP front-facing camera that delivers a crisp visual experience during Skype for Business® conference calls.

DESIGNED TO BE DURABLE

Perfect for healthcare users, the HP Elite x3 is a robust device with powerful processing power and a long-life battery. Thoughtfully designed to perform in even the most challenging environments, it has passed MIL-STD 810G testing³ and is IP67 rated⁴ for dust and water resistance. An iris scanner and fingerprint reader⁵ make login fast, convenient, and secure. Dual SIM card slots⁶ support keeping work and personal life separate.

EASY ACCESS TO APPS

Easily access virtualized 32 or 64-bit Windows® applications or tap into HP Workspace⁷, an HP service to virtualize them. HP Workspace allows IT to track the security profile of devices.

SUPERB MANAGEABILITY AND VALUE

The Elite x3 enables IT to reduce device and operating system footprints and drive innovation for clinicians on-the-go, which helps boost return on your IT investment and employee satisfaction and productivity. Device and app management are easier than ever with a single device that leverages existing Windows infrastructure and expertise to replace a separate smartphone, tablet, and PC running different operating systems.

Windows 10 Pro

1. For multi-screen Continuum experience, one of the following accessories is required: 1) HP Elite x3 Desk Dock using USB-C™ to DisplayPort connection to external display, 2) HP Elite x3 Lap Dock using USB-C™ connection to HP Elite x3 Lap Dock's integrated display, 3) Dongle using USB-C™ to DisplayPort, HDMI or VGA connection to external display, 4) Miracast-enabled external display or Miracast dongle attached to an external display. All docks and dongles sold separately.
2. Optional dock required and sold separately. Peripherals sold separately.
3. MIL-STD 810G testing is not intended to demonstrate fitness for U.S. Department of Defense contract requirements or for military use. MIL-STD 810G test results are not a guarantee of future performance under these test conditions. Damage under the MIL-STD 810G test conditions or any accidental damage requires an optional HP Accidental Damage Protection Care Pack.
4. IP 67 test results are not a guarantee of future performance under these test conditions, damage under the test conditions or any accidental damage requires an optional HP Accidental Damage Protection Care Pack.
5. Fingerprint reader will not be enabled until OTA update coming soon.
6. Single SIM card models available in select regions.
7. HP Workspace license required. Corporate applications must be licensed on corporate network for virtualization. Requires the HP Elite x3 to be docked with the HP Elite x3 Desk Dock or connected to the HP Elite x3 Lap Dock, each sold separately or as part of a solution bundle.
