

Gain greater control over your PC security

Secure your IT investments with
HP Labeling and Tagging Services

Secure your valuable hardware and deter theft the fast and easy way

HP Security Tagging Services

- **Efficient:** Automatically registered into the Oxygen StopTrack global database for improved recovery of lost or stolen devices.
- **Easy:** Fast and hassle-free set up as asset tags are deployed at the factory before shipment.
- **Secure:** 400kg/cm of force is required to remove the tag. Any removal attempted also leaves an indelible red imprint.
- **Flexible:** Customise tags to include your name, logo and other languages.

HP Asset Tagging Services

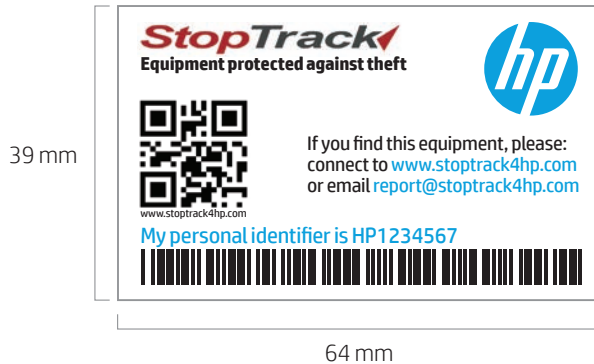

- **Flexible:** Choose from a standard size, or customise with your name, logo and label sizes.
- **Efficient:** Consistent deployment of physical tracking and inventory capabilities around the world.
- **Easy:** Fast and hassle-free, set up and asset tags are deployed at the factory before shipment.
- **Convenient:** Complementary replication of asset number on packaging.

Security and asset tag samples

The sample tags on this page are examples of what could potentially be displayed on products or packaging. Only selected tag styles are shown, but there are many more options available.

HP Security Tag sample in actual size

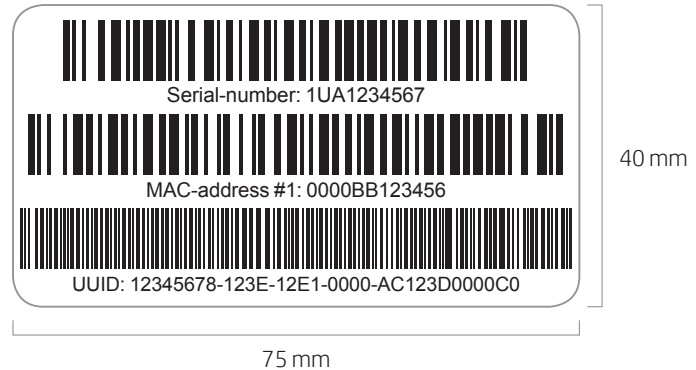

Security Tagging

An HP Security Tag connects devices to a provided database management system to help make equipment more secure. Any found or recovered device with an HP Security Tag will be shipped back to customers free of charge.

HP Asset Tag sample in actual size

Asset Tagging

Asset tags make it easier to track, monitor, and manage notebooks, workstations, and other HP devices throughout their entire lifecycle. These tags are affixed directly onto the device and packaging with several options for label sizes, placement options, and customisation features.

Contact your HP sales representative for more information.

Safe and sound

With HP Security Tagging and Asset Tagging Services

These services are available on most HP commercial desktops, workstations, notebooks, tablets, thin clients, monitors and their associated packaging. For more information, check with your HP sales representative.
