

Subscribe and simplify with HP.

Boost productivity with the hardware, services and support your growing business needs – **from as low as \$28.17 monthly.**

Take care of business while HP takes care of tech

With HP Subscription, you can stop worrying about technology – including maintenance and employee tech support – and focus 100% on your business.

HP Subscription* offers more than just great devices. You get world-class HP support services for your business needs. Plus, you get the latest and greatest technology every two to three years.

With the optimal use of devices, there's more productivity, less downtime and fewer hassles for your business.

Maximise cash flow with an affordable monthly payment for the entire bundle – no maintenance costs.

With HP Subscription, you simply:

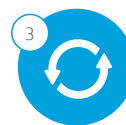

Sign Up

Call HP 1-877-652-5076 and get an on-the-spot quote based on your budget and requirements. Sign the subscription documents, and you're in business!

Gear Up

Start using your brand-new HP gear and services, and work productively for 24 or 36 months.

Refresh

When your subscription is over, simply return your product and get new gear from our latest technology!

*Contract extension may apply and 4-year contracts can also be made available.

At your service

Take advantage of the best-in-class hardware, services and software that are essential for business productivity and growth.

Next Business Day Onsite

Ensures that a technician will be at your location the next business day. So you and your equipment can get back to work.

Accidental Damage Protection Services

Covers spills, drops, falls and more – enjoy the convenience of 24/7 assistance from an HP technician.

Touchpoint Manager Pro

Cloud-based IT management made simple. Manage different devices in less time using one powerful app and watch your productivity soar.

3 Years of Exchange

HP offers a reliable and fast hardware exchange service that's a convenient alternative to onsite repair.

HP Sure View Integrated Privacy Screen

Turn on your privacy screen to help prevent side-angle viewing from onlookers. Adjustable for well-lit or darker environments.

HP Defective Media Retention

Replace a faulty disk without any charges. Mitigate the risk of costly regulatory or civil liabilities through proper control and disposition of sensitive data.
