# HP USB Collaboration Keyboard

## Drive collaboration with a stylish, intuitive keyboard

Make your Skype for Business® voice and video calls<sup>1</sup> easier than ever with the elegant HP USB Collaboration Keyboard, redesigned for enhanced every day and collaborative productivity.

### Pretty and pretty smart

Optimize productivity with a slim profile that conserves space and ultra-quiet scissor keys that foster focus, easy travel, and accurate typing. Get comfortable with adjustable slope, and breathe easy with a keyboard that resists minor spills.

### Ready to collaborate

Conduct virtual meetings with dedicated Skype for Business® keys that control call and video functions and have LEDs to cue incoming calls, mute, screen-sharing, and webcam usage.

### Quick access to key shortcuts

Use the Function lock key for easy access to one-touch keys that don't require Fn key activation. Control the volume features of your connected device with dedicated audio keys.

### USB connectivity

Easily connect the keyboard to any USB port on your PC or docking station.

### World-class support

Get the reassurance of a one-year limited warranty.

1. Internet connection and voice service required and sold separately.

# Specifications
