¹Financing available through Hewlett-Packard Financial Services Company and its subsidiaries and affiliates (collectively HPFSC) in certain countries and is subject to credit approval and execution of standard HPFSC documentation. Rates and terms are based on customer's credit rating, offering types, services and/or equipment type and options. 0% financing offer is valid only for countries listed above for fair market value leases through October 31, 2018. 0% financing is an implicit lease rate. "Implicit lease rate" means the equivalent simple annual interest rate implicit in the lease payments. For example, if you order equipment equal to an aggregate value of \$36,000 USD (excluding tax) and we purchase that equipment on your behalf, your lease payments for a 36 month lease will be equal to \$1,000 USD (excluding tax) per month and amount to an aggregate of \$36,000 USD (excluding tax) over the lease term. Rates assume the timely return of the leased equipment to HPFSC at the end of 36 months. Additional amounts are payable if you extend the lease or purchase the equipment for value at the end of the lease. Other charges, including without limitation, maintenance, stamp duty, taxes, fees, delivery charges, may apply. Not all HP products are eligible. Not all customers may qualify for these rates. Not all services or offers are available in all countries. Other restrictions may apply. HPFSC makes no representation or warranty, whether express or implied, about the condition, quality, merchantability, fitness for purpose, suitability, design or safety of any equipment offered under this program. HPFSC reserves the right to change or cancel this program at any time without notice.
