

HP Z22n G2 21.5-inch Display

Be a productive powerhouse with the sleek HP Z22n G2 21.5-inch Display. This virtually seamless Full HD display is factory-tested for reliability and longevity with integrated color calibration, uninterrupted multi-screen tiling, and expansive device connections.

Streamline productivity with screens for every project

- Multi-task without disruptions across multiple displays¹ with a 3-sided micro-edge bezel on each screen. Get stunning visuals from the 1920 x 1080 resolution², 16:9 aspect ratio, 21.5" diagonal IPS screen and over 2 million pixels.

Out-of-this-world color right out of the box

- Consistent, accurate color between displays and from project to project is easier than ever with factory color calibration from the very first time you power on.

Quality from the start

- We rigorously test each HP Z Display to help ensure it's a reliable, long-life visual solution, and back it up with the HP Zero Bright Dot Guarantee³, HP's most stringent pixel policy, which replaces the screen if even one bright sub-pixel fails.⁴

Big ideas for small spaces

- Make the most of your available workspace by mounting powerful machines like the HP Z2 Mini Workstation⁵ directly behind the display for a compact, efficient, single-footprint solution.

Featuring

- Connect easily with ports that include a two-port USB 3.0 hub and VGA, HDMI, and DisplayPort™ connections tested for use with legacy, current, and future HP Workstations.
- Work comfortably with adjustable tilt, height, and swivel settings. Use pivot rotation to conveniently customize portrait or landscape views on multiple displays.
- Design the screen for how you work with HP Display Assistant software, which enables screen partitioning and helps deter theft by dimming a display that's disconnected without approval.
- Reduce power consumption and help lower costs with an intelligent, energy-efficient, low-halogen display that is ENERGY STAR® certified, TCO qualified, and EPEAT® Gold registered with mercury-free display backlights and arsenic-free display glass.
- Build a complete solution with optional HP accessories designed and tested to work with your display.
- Rest assured that your IT investment is supported by a three-year standard limited warranty. To extend your protection, select an optional HP Care service.

HP Z22n G2 21.5-inch Display Specifications Table

Product Number	1J505A4
Display Size (diagonal)	54.6 cm (21.5")
Display Type	IPS w/LED backlight
Panel Active Area	18.74 x 10.54 in; 47.6 x 26.77 cm
Viewing Angle	178° horizontal; 178° vertical
Brightness	250 cd/m ² ¹
Contrast Ratio	1000:1 static; 10000000:1 dynamic ¹
