1. Based on HP's internal analysis as of September 1, 2017, of AiOs having built-in conferencing controls, voice audio tuning, noise reduction software, ≥ 80dB audio, 1080p webcam. 2. Multicore is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel's numbering is not a measurement of higher performance. 3. Optional features sold separately or as add on features. 4. HP Sure Start Gen3, available on HP EliteDesk products equipped with Intel® 7th generation processors. 5. HP Manageability Integration Kit is available as a download from <http://www8.hp.com/us/en/ads/clientmanagement/overview.html>. 6. HP Sure Click is available for the HP EliteBook x360 G2 as a web-download from the HP Support website, is preinstalled on select HP platforms, and supports Microsoft® Internet Explorer and Chromium™. Check <http://h20195.www2.hp.com/v2/GetDocument.aspx?docname=4AA7-0922ENW> for all compatible platforms as they become available. 7. Configurable at purchase with choice of display sizes. Additional displays sold separately. 8. Touchscreen requires Windows 10 Pro.
