

HP Device as a Service (DaaS)

Smart, simplified computing solutions for today's world.

Optimize your IT assets and resources with HP Device as a Service (DaaS), a complete solution that combines hardware, insightful analytics, proactive management, and services for every stage of the device lifecycle.¹

The right devices for the job

Choose a device mix that's as unique as your business, with a wide selection of HP commercial notebooks, desktops, and mobile and specialized devices.

Management with insight

ISO 27001:2013 certified

Secure and manage multi-OS devices, and proactively identify and mitigate issues with insightful HP TechPulse analytics.² Service Experts can enforce security policies and perform daily management with leading endpoint management tools.³

Flexibility for your business

Don't pay for more than you use. Tailor your solution with device lifecycle services—from design to configuration, maintenance, and end of use—and financial terms to meet your needs with the convenience of a single price per device.

6 RECOVER AND RENEW

Securely recover and repurpose or recycle your end-of-use devices.

1 DISCOVER AND DESIGN

Take advantage of professional services to get the most from your IT investments.

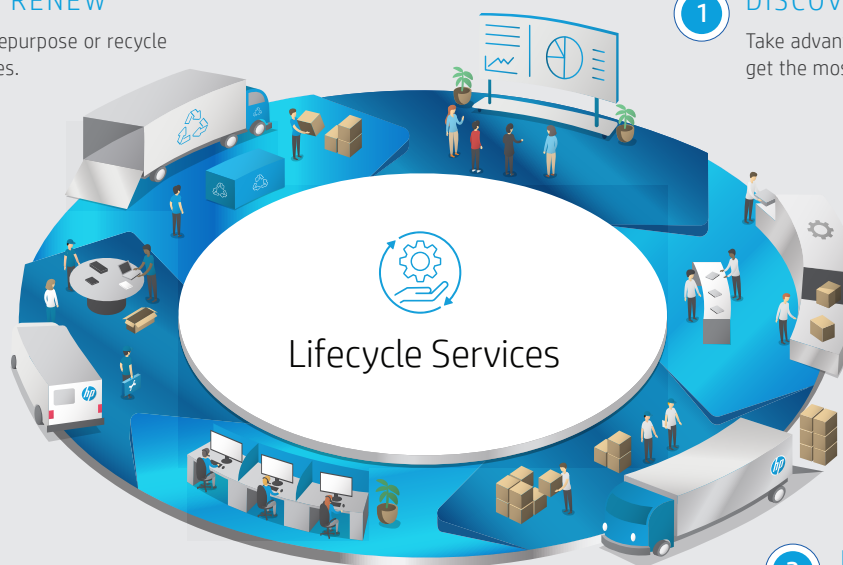

2 CONFIGURE

Get your PCs expertly configured and ready to use out of the box.

5

MAINTAIN

Get support, repair, and replacement services in the workplace and on the road.

4 OPTIMIZE

Improve user productivity and IT manageability.

3 DEPLOY

Make the delivery, staging, installation, and setup of your devices easy.

One service, a complete solution

By delivering hardware and services with a one-price-per-device plan and payment, HP Device as a Service provides more predictable cash flow, flexibility to adjust plans to your workforce needs, and freedom to allocate capital to other investments. We will work with you to determine the needs within your organization—from executives and office workers to road warriors and sales teams—to ensure you have the right plan in place.

Tailor a plan to your needs

Actionable analytics and reports

Manage and plan proactively with HP TechPulse—predictive analytics that use machine learning, preconfigured logic, and contextual data to deliver device, application, and usage insights that help you optimize your IT spending and resources.

Optimize IT spending

Reduce purchasing complexity with simple, curated plans that maximize spend, cash flows, and refresh cycles. Tailor for your needs with device lifecycle services for one predictable price per device.

Built for every budget

Flex your plan based on changing workforce and IT needs, and refresh your devices mid-term. Flex up devices and services as well as flex down in increments of 5 percent.⁷

HP Device as a Service (DaaS)

IT simplified. Resources maximized.

For more information, visit

1. HP DaaS plans and/or included components may vary by region or by Authorized HP DaaS Service Partner. Please contact your local HP representative or Authorized HP DaaS Partner for specific details in your location. HP services are governed by the applicable HP terms and conditions of service provided or indicated to the customer at the time of purchase. Customer may have additional statutory rights according to applicable local laws, and such rights are not in any way affected by the HP terms and conditions of service or the HP limited warranty provided with your HP product. 2. For full system requirements, please visit hpdas.com/ requirements. 3. HP unified endpoint management is provided by HP Service Experts in HP DaaS Enhanced or Premium plans. Service Experts deliver service using VMware Workspace ONE powered by AirWatch. Or, customers using Microsoft Intune may have our Experts manage using licenses they already have. Please check availability of options in your country. 4. Availability may vary by country. 5. iOS analytics and reports are available in HP DaaS Enhanced, Premium, and DaaS for Apple plans only. 6. Automatic parts replacement available for HP manufactured devices only. 7. The DaaS Fleet Flexibility feature—allowing customers to flex down at 5, 10, and 15 percent increments and flex up to 10 percent as a new contract—is available by HP DaaS deals supported by HPEFS. The ability to flex up or down must be agreed to in the original finance terms/contract. Financing is available through HPFSC for qualified Channel Partners and end-users, and is subject to credit and other approvals and execution of HPFSC documentation. Rates and terms are based on Channel Partner's and end-user's credit rating, offering types, services, and/or equipment type and options. Other charges, including without limitation taxes, fees, and shipping charges, may apply. Not all HP products are eligible. Not all Channel Partners and end-users may qualify. Other restrictions may apply. HPFSC reserves the right to change or cancel this program at any time without notice. Not available in all locations.
