

HP Pro 8 Advanced Rugged Tablet with Voice

Expand productivity in harsh conditions with the IP65 tested¹ HP Pro 8 Advanced Rugged Tablet with Voice, a sturdy, drop-tested² solution that supports configurable biometric and scanning modules³ and has outdoor readability, high temperature endurance, and a long battery life.

Built for your toughest tasks

- Face dusty, wet environments and variable weather conditions head on with a durable solution that is IP65 tested¹ for protection against dust ingress and water jets from any direction and drop tested up to 4 ft.²

Customize your authentication and data entry experiences

- Tailor your tablet to your specific need. Select an optional fingerprint reader and iris scanner for biometric authentication or a barcode scanner for efficient data entry.³

Powered for productivity

- Be productive with a battery that is replaceable⁴ to extend the device's lifespan and has a life up to 15 hours⁵ or up to 8 hours and 54 minutes⁶ with the configurable modules to support workers step for step throughout the day.

Conditioned for outdoor assignments

- Use the tablet in a range of outdoor settings. It withstands temperatures from -10°C to 50°C⁷ and has a bright 500-nit, 16.7M color depth, 8" diagonal screen that is easy to read even in direct sunlight.
- Get language flexibility with typing support for 11 regional languages and reading for 22; connect to peripherals with micro-USB OTG while you charge at the separate power port.
- Stay connected in real-time with voice calling, text messaging, and 4GLTE⁸ high-speed data; use the integrated GPS (GPS, A-GPS, Glonass)⁹ for vehicle navigation and remote geo locating.
- Keep files local on the integrated 16 GB eMMC, or add an optional SD card up to 128 GB.^{10,19}
- Capture sharp photos and records in the field with the 5MP rear-facing camera and make video calls with the 2MP front-facing camera.
- Reduce the downtime of training on a new operating system and enjoy access to millions of apps¹² with Android™ OS.
- Expand to a larger display or projector in a conference room or operations room, or at a customer site with Miracast.¹³

HP Pro 8 Advanced Rugged Tablet with Voice Specifications Table

Available Operating System	Android 6.0 Marshmallow ^{15,16}
Available Processors	ARM Cortex™-A53 (1.3 GHz, 4 cores) ^{13,14}
Display	8" diagonal HD IPS Air bonding, 10-point multitouch-enabled, 500 cd/m ² , 100% sRGB (1280 x 800) ^{10,11}
Chipset	MediaTek MTK MT8735
Memory	2 GB LPDDR3 SDRAM Transfer rates up to 1333 MT/s
Internal Storage	16 GB eMMC ⁶
Available Graphics	ARM® Mali™-T720 GPU
Audio	Support voice call via single 1.2 W internal speaker; Wired or Bluetooth® headset; Speaker mode
Keyboard	No keyboard included
Wireless Technologies	802.11b/g/n and Bluetooth 4.0 (Miracast compatible); GSM 850/900/1800/1900; WCDMA Band 1 and Band 8; LTE Band 3 and Band 40 ^{8,9}
Expansion Slots	1 microSD ¹⁹ (Expandable up to 128 GB.)
Ports and Connectors	1 micro USB 2.0 OTG; 1 micro SD expandable via SD card (up to 64 GB); 1 micro SIM card; One 3.5 mm headphone/microphone combo; 1 AC power ⁷
Camera	2 MP HD front-facing and 5 MP HD rear-facing auto-focus with LED flash ^{10,12}
Available Software	Google Mobile Services and Applications; HP File Manager
Security Management	ARM® TrustZone®; Fingerprint Reader; Iris scanner ^{18,19}
Dimensions	231.5 x 187.5 x 24.5 mm
Weight	Starting at 958 g
Battery Type	6000 mAh (22.8 Wh) Li-ion polymer ⁵
Battery Life	Up to 15 hours; Up to 8 hours and 54 minutes ^{3,4}
Power	27 W 9V/3A charging AC adapter
Sensors	Accelerometer; Ambient light sensor; Gyroscope
Environmental	Low halogen; ROHS; WEEE (including adapter) ²
Energy Efficiency Compliance	ENERGY STAR® certified; EPEAT® Silver registered ¹
Warranty	1-year standard parts, labor and onsite limited warranty, depending on country; 1-year limited warranty on primary battery. Optional HP Care Pack Services are extended service contracts which go beyond your standard warranties. Service levels and response times for HP Care Packs may vary depending on your geographic location. Restrictions and limitations apply. Service starts at date of hardware purchase. For details, visit www.hp.com/go/cpc .

Messaging Footnotes

- ¹ IP65 test results are not a guarantee of future performance under these test conditions. Damage under the test conditions or any accidental damage requires an optional HP Accidental Damage Protection Care Pack.
- ² HP drop test results are not a guarantee of future performance under these test conditions. Damage under the test conditions or any accidental damage requires an optional HP Accidental Damage Protection Care Pack.
- ³ Modules require configuration at time of purchase.
- ⁴ Serviceable by HP Certified Technicians or HP Authorized Service Providers.
- ⁵ Tested by HP using continuous 720p video playback, 150 nits brightness, system audio level at 50%, played from external storage, headphone attached, airplane mode on. Actual battery life will vary depending on configuration and maximum capacity will naturally decrease with time and usage.
- ⁶ Tested by HP with display on at 150 nits brightness, system audio level at 50%, and in airplane mode on with mixed usage of the fingerprint reader, iris scanner, and barcode scanner. Actual battery life will vary depending on configuration and maximum capacity will naturally decrease with time and usage.
- ⁷ Not meant to operate for more than two hours under these temperatures, product will automatically shut down. Temperature test performed with a fully charged battery, device stored for 30mins, using continuous 720p video playback, with middle level brightness, system audio level at 100% no adaptor connected for two hours.
- ⁸ Separately purchased carrier service required. Connection requires wireless data service contract, network support, and is not available in all areas. Contact service provider to determine the coverage area and availability. Connection speeds will vary due to location, environment, network conditions, and other factors. 4G LTE not available on all products or in all countries.
- ⁹ GPS access requires unobstructed path to multiple satellites. Performance may be affected inside buildings, bridges or heavily-congested metro areas.
- ¹⁰ Sold separately.
- ¹¹ microSD card must be formatted in FAT32 format before use. Maximum individual file size supported for read/write to the card is 4 GB.
- ¹² Android™ apps available from Google Play Store. Some apps may require purchase. Availability may vary.
- ¹³ Microsoft Miracast compatible screen or projector required.

Technical Specifications Footnotes

- ¹ EPEAT® registered where applicable. EPEAT registration varies by country. See <http://www.epeat.net> for registration status by country. Search keyword generator on HP's 3rd party option store for solar generator accessories at www.hp.com/go/options
- ² External power supplies, power cords, cables and peripherals are not Low Halogen. Service parts obtained after purchase may not be Low Halogen.
- ³ Tested by HP using continuous HD video playback, 720p (1280 x 720) resolution, 150 nits brightness, system audio level at 50%, played from external storage, headphone attached, Airplane mode on. Actual battery life will vary depending on configuration and maximum capacity will naturally decrease with time and usage.
- ⁴ Tested by HP with display on at 150 nits brightness, system audio level at 50%, and in airplane mode on with mixed usage of the fingerprint reader, iris scanner, and barcode scanner. Actual battery life will vary depending on configuration and maximum capacity will naturally decrease with time and usage.
- ⁵ Battery is internal and not replaceable by customer. Serviceable by HP Certified Technicians or HP Authorized Service Providers.
- ⁶ For storage drives, GB = 1 billion bytes. TB = 1 trillion bytes. Actual formatted capacity is less. Up to 7 GB is reserved for system recovery software.
- ⁷ Micro-USB 2.0 is not a charging port.
- ⁸ Wireless access point and Internet service required and sold separately. Availability of public wireless access points limited. The specifications for the 802.11ac WLAN are draft specifications and are not final. If the final specifications differ from the draft specifications, it may affect the ability of the notebook to communicate with other 802.11ac WLAN devices.
- ⁹ Miracast is a wireless technology your PC can use to project your screen to TVs, projectors, and streaming media players that also support Miracast. You can use Miracast to share what you're doing on your PC and present a slide show. For more information: <http://windows.microsoft.com/en-us/windows-8/project-wireless-screen-miracast>.
- ¹⁰ HD content required to view HD images.
- ¹¹ Resolutions are dependent upon monitor capability, and resolution and color depth settings.
- ¹² Internet access required.
- ¹³ Multicore is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Model numbering is not a measurement of clock speed.
- ¹⁴ Processor speed denotes maximum performance mode; processors will run at lower speeds in battery optimization mode.
- ¹⁵ This product has Android™ 6.0 Marshmallow Operating System pre-installed. Upgrade to Android™ Nougat expected by March 2018.
- ¹⁶ Device supports text input in the following languages: Assamese, Bengali, English, Gujarati, Hindi, Kannada, Malayalam, Marathi, Odia, Punjabi, Tamil, and Telugu. Device supports rendering and display of the following languages: Assamese, Bengali, Gujarati, Hindi, Kannada, Kashmiri, Konkani, Malayalam, Manipuri, Marathi, Nepali, Oriya, Punjabi, Sanskrit, Sindhi, Tamil, Telugu, Urdu, Bodo, Santali, Maithili, Dogri.
- ¹⁷ Configurable option.
- ¹⁸ Iris Scanner and Fingerprint Reader are Configurable options.
- ¹⁹ microSD card must be formatted in FAT32 format with either HP Pro 8 Tablet with Voice or PC before use. Max file size 4GB supported by FAT32 format.
