

The HP PageWide A3 Experience Program

Test the best, then invest

HP Financial Services can help customers find new ways to plan for, acquire, consume and adapt the technology needed for workplace transformation.

We get it. Sometimes you're a little hesitant to commit. It all sounds good, but how will you know unless you try it?

If that's the way you're feeling about HP's PageWide A3 printers, we've got you covered. Now you can try them in your own environment before you make your decision.

Here's how it works

Sign a lease contract for your new HP PageWide A3 MFP or Printer. Once the device is delivered to your premises and accepted, you may use it for up to 90 days without making a payment, and if you decide to keep it, you simply continue with your contract, making regular monthly payments beginning in month four. If, however, you decide to return the printer, simply notify HP Financial Services and your HP Partner at least 30 days before the end of the trial period and then return it to your HP Partner to cancel the contract without penalty.

Now is the time

There's no better time to make the move to HP PageWide A3 MFPs or Printers, which offer next-generation technology that completely transforms the printer/copier experience. PageWide's breakthrough low color cost, maximum uptime, and strong security, together with a comprehensive financing solution from HP Financial Services, result in a complete HP solution that meets your workplace print needs best.

When you work with HP Financial Services, you enjoy

- The ability to preserve cash and reduce costs when scaling new solutions
- Increased agility to refresh technology as your business or market requires
- Established credit line for future HP solution needs

Give it a try – today!

Work with your HP Premier Partner to try HP PageWide A3 for yourself. We think you'll be sold.
