

HP Z 3D Camera

Reinvent creative workflows and spark spontaneous collaboration with the HP Z 3D Camera. The down-facing camera attaches simply to your display¹ to capture and digitize 3D objects, 2D documents, and live video.

¹Display not included

Minimum footprint, maximum compatibility

Attach the uniquely-designed, hands-free camera to your display¹ to minimize desktop space and simplify real-time object and document capture and visualization. Enjoy full compatibility with your Windows 10 environment.

Easy, intuitive 3D scanning

Create life-like 3D digital images by rotating an object in your hands or positioning underneath the camera on your desk. Integrated 3D SLAM tracking and scanning technology constructs the model in real time while automatically removing your hands.

Ready-to-use 3D scans

Scan 3D objects with computer graphics-friendly resolutions and hyper-realistic texture that maintains separate diffuse color, displacement, and normal maps that are ready for rendering and VR applications.

Picture-perfect remote collaboration

Collaborate more visually by sharing and zooming in on high resolution captures and live videos of real-world objects, sketches, and documents alongside presentations and software to demonstrate complex concepts.

Access HP WorkTools

Download and install the HP WorkTools² suite of applications that enhance Windows workflows. Capture content in 2D with the Capture WorkTool, or 3D with the award-winning Camera3D WorkTool. Keep captures and assets on the Stage WorkTool clipboard.

Document scans you can use in your everyday apps

Scan, crop, and straighten your documents and export as searchable Adobe® PDFs.

Specifications

Dimensions (H x L x W)	4.51 x 8.73 x 5 in (11.46 x 22.17 x 12.75 cm)
Weight	1.2 lb (543.6 gr)
Compatibility/ System requirements	HP Z 3D Camera is compatible with most of the current HP Z and E series monitors. HP Z 3D Camera is not available in all regions. Assembly and all components will comply with HP's GSE, low halogen and other applicable environmental specifications.
Kit contents	HP Z 3D Camera; Three Badges; Scan Mat; User Setup Guide
Service and support	One-year, worldwide parts-and-labor limited warranty. 24/7 technical support.

¹The HP Z 3D Camera is compatible with most of the current HP Z and EliteDisplay series monitors and requires a PC with Windows 10, 4th gen Intel® Core™ i7-4790S or higher, 1xUSB-3.0 Type A, 1xUSB-2.0 Type A, minimum 16GB RAM and 1.8GB available storage, NVIDIA® GeForce® GTX 960M or better NVIDIA graphics card required for 3D capture. HP Z 3D Camera is not available in all regions. ²HP WorkTools requires Internet access for download and future updates.
