# HP Collaboration Solutions

Changing the way you collaborate in the conference room, at your desk or on the road

# Reinventing collaboration

Bringing virtual meetings to life for businesses across the globe, HP offers a wide range of collaboration accessories that enrich brainstorming through wired and wireless device connectivity, handwritten and digital content sharing, crystal-clear audio and video, and seamless integration with unified communications applications.

## HP ShareBoard

Part # 2TX38AA

## Bring your whiteboard into the digital age

### Transform your existing whiteboard

Convert your dry-erase whiteboard into an online collaboration system and stream content live to meeting attendees anywhere in the world.<sup>1</sup>

### Export to a PDF

Record and save your whiteboard's annotations, drawings, and more, and create Adobe® PDF slides to distribute after the meeting.

### Live-stream your whiteboard content

Share a crisp and vibrant real-time feed of your whiteboard activity with remote attendees through a secure online connection and a web browser.

### Control your guest list

Invite remote participants into your meeting with a private, unique URL that's viewable on a PC or mobile device through a browser.

## HP Elite Presenter Mouse

Part # 2CE30AA

## Take control of your presentations and productivity with one versatile device

### Give your mouse a style upgrade

Get complete functionality without compromising elegance with a sleek metal-accented device that converts from a flat pointer with basic mouse functions to a comfortable, full-featured mouse with one quick flip.

### Make your point

Use the real-time laser pointer to highlight content onscreen in a conference room and on remote viewer screens when you share your presentation through your collaboration application.<sup>2</sup>

### Work the room

Control and point to presentations from the front or back of the room or seated with your colleagues with a wireless range up to 30 ft (10 m) from your Bluetooth®-paired PC.

### Travel light and in style

Pop the presenter mouse into its pouch and never worry about changing batteries—it's rechargeable<sup>3</sup> through a micro-USB port.
