

HP Device as a Service for Apple®

Smart, simplified computing solutions for today's world

HP has expanded its innovative Device as a Service solution to commercial customers¹ for iPad®, iPhone®, and iPod®.

Boost employee productivity and IT efficiency with world-class computing solutions from HP Device as a Service (DaaS). Get everything you need, and nothing you don't, from hardware and accessories to lifecycle services and support, with one price per device.

WHY HP DEVICE AS A SERVICE FOR APPLE?

HP DaaS for Apple¹ provides a one-stop solution that combines Apple hardware and HP lifecycle services to make a company more efficient, improve the employee experience, and free up IT resources. Offload the time-consuming tasks of supporting, securing and managing multi-OS devices so you can focus on what moves your business forward.

The right devices for the job

Choose a device and accessory mix that's as unique as your business, with a broad selection of Apple devices.

Management with insight

Optimize assets and resources so you can focus on other priorities when HP puts its expertise to work for you with actionable analytics, insights, and proactive management.²

Flexibility for your business

Adjust your plan and flex your fleet³ from 5 to 15% to meet your changing workforce or workload, and add lifecycle services and refresh devices as needed.

AS YOUR TRUSTED PARTNER, HP DELIVERS:

- Extensive portfolio of Apple devices
- Technical support and next business day onsite exchange
