

Say hello to voice-activated printing

Get hands-free HP printing using Amazon Alexa.

Easily link your assistant to your printer

Add your printer in a snap—easily connect for seamless printing.¹

Print directly from voice assistant-enabled devices

Make printing as easy as talking. HP delivers hands-free printing that fits right into the way you live.¹

Get inspiration with every print

Print a wide variety of everyday and creative documents, including calendars, games, colouring pages, and more.¹

HP web-connected printers now with voice support for Amazon Alexa²

Voice-activated printing gives you hands-free access to instant printing options.
Choose from a variety of family-friendly documents.¹

"Printers cannot be forever stuck in the 2000s—with this new voice control technology, HP Inc. is taking the necessary first step in bringing them into the smart home picture."

— Moor Insights & Strategy,
Patrick Moorhead

Quick setup

- 1 Obtain your printer's email address.
- 2 Ask your voice assistant to talk to your printer.
- 3 Enter the printer's email address when prompted from your voice device app.
- 4 Print a help page and view a list of printable content. Just say:

"Alexa, ask my printer to print a help page."

(Visit hpconnected.com/cms/HPC/ePrint for ePrint instructions if needed.)

Q: Which countries is voice-activated printing (VAP) available in?

A: VAP is currently available in the U.S., UK, Ireland, Australia, New Zealand, and India only.

Q: What equipment do I need to use this service?

A: VAP requires a web-connected HP printer and Amazon Alexa.

Q: What can I print using VAP?

A: Each voice assistant platform offers unique content for printing, such as an Amazon shopping list, daily comics, colouring pages, graph paper, lists, puzzles, games, and more.
