

# Investment solutions for your HP 3D printing demo equipment

Demo devices enable you to showcase HP technology – which can lead to increased sales opportunities and more closed transactions. Now you can make that required acquisition even smarter with an attractive offer from HP Financial Services.

## How it works

- Demo program period of 12 or 15 months
- Pay a fraction of the equipment value (minimum 30%) plus interest over the course of the term; at the end of the period, pay a sum total payment equal to the remaining balance
- With a 15-month term, you satisfy HP's requirement of having a 12-month demo device on-site, then have an additional three months to market it before making the final, lump sum payment

## Why it works

When you acquire your demo equipment with HP Financial Services, you:

- Preserve your cash for other opportunities
- Make small monthly payments through the demo period
- Have the flexibility of acquiring new demo equipment every year
- Align final payment with resale of equipment

**Get the most out of your 3D printing demo device without it becoming a financial strain. Talk to HP Financial Services today.**
