

# HP Rechargeable Active Pen

## Elevate your PC interaction

Move beyond the keyboard when inspiration strikes with the HP Rechargeable Active Pen<sup>1</sup>, the intuitive and customizable pen that lets you take notes, draw onscreen, and navigate your apps naturally. And it's easier than ever to keep track of, with a built-in magnetic attach capability.<sup>2</sup>

### Simple, personalized navigation

Enjoy more nuanced onscreen writing and drawing with double the pressure sensitivity and tilt detection vs, the predecessor. Customize button functions and shortcuts from your PC with the software control panel<sup>3</sup> for a unique interactive experience.

### Never miss a note

Keep working and creating with a pen that's rechargeable through your device's<sup>1</sup> USB-C™ cable or the included USB-C™ to USB-A cable. LEDs cue you on charging status.

### Open sesame

Take advantage of programmable Bluetooth® features that include pairing with common productivity software so you launch an app on your device from your pen and a digital proximity alert that notifies you if you leave your pen behind.

### Easy to use

Once your device<sup>1</sup> is paired and in range, it detects the pen and cues you where to place it onscreen. Erase, highlight, and click on your content with the two convenient side buttons.

### World-class support

Rest easy with a one-year limited warranty.

## Specifications

### HP Rechargeable Active Pen
