

HP Device as a Service (DaaS)

Smart, Simplified Computing Solutions for Today's School

Boost student, faculty and staff productivity and IT efficiency with world-class computing solutions from HP Device as a Service (DaaS). Get everything you need, and nothing you don't, from hardware and accessories to lifecycle services and support, with one price per device.

Why HP Device as a Service?

With HP DaaS, you get a complete hardware, support, analytics, and unified endpoint management solution with more predictable IT spending. Offload the time-consuming tasks of supporting, securing and managing multi-OS devices so you can focus on what matters most—your school—and allow your school officials to stay focused on teaching. Reduce the complexity of purchasing with simple, flexible plans that make it easy to tailor to your school's specific needs.

Devices for teachers and students

Choose a device and accessory mix that's as unique as your school, with a selection of PCs, notebooks, Chromebooks, mobile and specialized devices.

Management with insight

Optimize assets and resources so you can focus on strategic projects. HP puts its expertise to work for you with actionable analytics, insights, and proactive management.

Flexibility for your institution

Simple, yet flexible plans that scale to your institution's needs. Tailor your agreement by adding lifecycle services to supplement your core plan.

As Your Trusted Partner, HP Delivers:

- Broad product portfolio
- Extensive commercial experience
- Global footprint
- Expert support
- Multi-layered, enterprise-class HP security
- Convenience of a single price per device¹
- Next business day repair services plus accidental damage protection⁵

End-to-End Lifecycle Services

Our full portfolio of service options covers every phase of the end-user-device lifecycle—from start to finish—for HP devices and other brands. HP, or authorized DaaS partners, can tailor services to your teaching and learning needs.

DISCOVER AND DESIGN

Create your school's ideal tech environment with our assessment, design, and planning services.

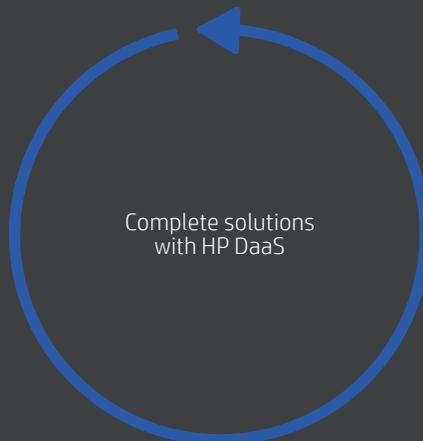

CONFIGURE

Save time and increase productivity by having your custom images and settings installed ahead of time.

DEPLOY

Hit the ground running with deployment services including installation and data migration.

DISPOSE AND REFRESH

Keep your technology current by letting HP securely and responsibly manage hardware that's at the end of its lifecycle—and then deliver new equipment for your teachers and students.

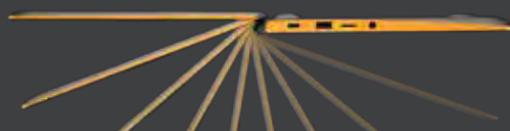

MAINTAIN

Relieve your IT staff of maintenance hassles by letting HP handle onsite service, accidental damage protection, and more.

OPTIMIZE

Get the most out of your IT environment through helpdesk services, priority support, and staff augmentation.

One Service, Complete Solutions

By delivering hardware and services with a one-price-per-device plan and payment, HP Device as a Service provides more predictable cash flow and budgets, flexibility to adjust plans to your institution's needs, and enables you to allocate capital to other investments. An HP representative, or authorized DaaS partner, will work with you to determine the needs within your school—from faculty and staff members to student devices—to ensure you have the right plan in place.
