

# HP Engage Go Convertible System

Connect with your customers where it matters most

Enable transactions wherever your retail and hospitality customers are with the versatile and beautiful HP Engage Go, a system designed for traditional and mobile point of sale experiences.

## HP Recommends Win 10 Pro.

- Windows 10 Pro<sup>2</sup>
- 12.3" diagonal screen

### Sleek design. Seamless mobility

- Deliver an optimized experience to your customers with a modern solution that lets you check inventory on the fly, complete registrations, and close sales—at the counter or out on the floor.

### Protect customer and business data

- Säkra ert system och kundinformation med självläskande PC BIOS, HP Smart Dock<sup>1</sup>-lås till platta som kan skydda mot stöld från medföljande dockningsstation<sup>1</sup> och tvåfaktorsautentisering med tillvalet integrerad fingeravtrycksläsare<sup>1</sup> eller NFC-läsare.<sup>1</sup>

### Durable. Fast. Built to last

- Achieve peak performance with a solution that stands up to demanding retail or hospitality environments with an incredibly resilient design, high-speed processor, and long-lasting battery.<sup>13</sup>

### Höjdpunkter

- Stick with an OS you know with your choice of Windows 10 Pro or Windows IoT with Device Guard and Credential Guard.
- Power through demanding days with a hardened design, 7th Gen Intel® processor, efficient M.2 SSD storage, and wireless LAN with Bluetooth®. Recharge in a flash with HP Fast Charge.
- Complement the HP Engage Go with sophisticated, optional black or white components that fit your requirements and aesthetic, including a standalone barcode scanner, in-column or standalone receipt printer, and customer-facing displays.
- Place in the dock to work at a fixed location. Add an optional retail case with integrated hand strap or shoulder strap, magnetic stripe reader for loyalty cards and staff logins or integrated barcode scanner for mobile inventory and checkout.
- Give customers and associates a bright, beautiful, edge-to-edge Full HD 12.3-inch diagonal display to interact with while placing orders, browsing inventory, capturing customer data, and much more.
- Get extra protection from HP Sure Start Gen4 for hardware-enforced self-healing protection, HP BIOSphere Gen4 to help prevent data breaches and downtime, and Device Guard and Credential Guard to control application and system access.
- Deploy a system hardened for the long haul with an anodized aluminum chassis. It passes HP's Total Test Process and is designed to tested MIL-STD 810G standard testing. When wrapped in the optional retail case, the tablet can withstand drops up to 1.22m.
- Attach the dock to an optional HP Engage One I/O Connectivity Base to access Serial, powered USB, USB, Cash Drawer, LAN, and Video Out through USB-C™ connections.
- Plan ahead with a three-year lifecycle that lets you roll out on your schedule. Get the reassurance of an investment that's backed by a three-year worldwide limited warranty, and extend protection with optional HP Care services.

<sup>2</sup> Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers, software or BIOS update to take full advantage of Windows functionality. Windows 10 is automatically updated, which is always enabled. ISP fees may apply and additional requirements may apply over time for updates. See <http://www.windows.com>.

<sup>3</sup> Microsoft Device Guard and Credential Guard are available with Windows 10 IoT Enterprise 2016 delivered from HP or to customers with a volume license to use Windows 10 Enterprise. Microsoft Device Guard and Credential Guard are not available with Windows 10 Pro. The installation of Windows 10 Enterprise and Microsoft Device Guard and Credential Guard are available through HP Configuration & Deployment Services.

<sup>4</sup> Tekniken med flerkärniga processorer innebär förbättrad prestanda hos vissa programvaror. Det är inte säkert att alla kunder eller program kan dra nytta av denna teknik. Prestanda och klockfrekvens varierar beroende på programmets arbetsbelastning samt hårdvaru- och programvarukonfigurationer. Intels numrering, varumärken och/eller beteckningar är inte ett mått på högre prestanda.

<sup>5</sup> Laddad batteriet upp till 50 % på 30 minuter när systemet är avstängt eller i vänteläge. En strömadapter med kapacitet på minst 65 watt krävs. När laddningen har nått 50 % återgår den till det normala. Laddningstiden kan variera +/-10 % beroende på systemtolerans.

<sup>6</sup> HP Sure Start Gen4 is available on the HP Engage Go Convertible equipped with 7th generation Intel® processors.

<sup>7</sup> HP BIOSphere Gen4 is available on the HP Engage Go Convertible equipped with 7th generation Intel® processors.

<sup>8</sup> HP Total Test Process testing is not a guarantee of future performance under these test conditions. Accidental damage requires an optional HP Accidental Damage Protection Care Pack.

<sup>9</sup> MIL-STD 810G testing is pending and is not intended to demonstrate fitness for U.S. Department of Defense contract requirements or for military use. Test results are not a guarantee of future performance under these test conditions. Damage under the MIL STD test conditions or any accidental damage requires an optional HP Accidental Damage Protection Care Pack.

<sup>10</sup> HP drop test results are not a guarantee of future performance under these test conditions. Damage under the test conditions or any accidental damage requires an optional HP Accidental Damage Protection Care Pack.

<sup>11</sup> HP Care Packs sold separately. Service levels and response times for HP Care Packs may vary depending on your geographic location. Service starts on date of hardware purchase. Restrictions and limitations apply. For details, visit [www.hp.com/go/cpc](http://www.hp.com/go/cpc). HP Services are governed by the applicable HP terms and conditions of service provided or indicated to Customer at the time of purchase. Customer may have additional statutory rights according to applicable local laws, and such rights are not in any way affected by the HP terms and conditions of service or the HP Limited Warranty provided with your HP Product.

<sup>1</sup> Alla funktioner är inte tillgängliga i alla utgåvor eller versioner av Windows. För att du ska kunna dra full nytta av funktionerna i Windows kan systemen behöva uppgraderas och/eller så kan det krävas separat inköpt hårdvara, drivrutiner, programvara eller en BIOS-uppdatering. Windows 10 uppdateras automatiskt och funktionen är alltid aktiverad. Avgifter från internetleverantören kan tillkomma och ytterligare krav kan tillkomma längre fram för uppdateringar. Se <http://www.windows.com>.

<sup>2</sup> Microsoft Device Guard and Credential Guard are available with Windows 10 IoT Enterprise 2016 LTSB delivered from HP or to customers with a volume license to use Windows 10 Enterprise. Microsoft Device Guard and Credential Guard are not available with Windows 10 Pro. The installation of Windows 10 Enterprise and Microsoft Device Guard and Credential Guard are available through HP Configuration & Deployment Services.

<sup>3</sup> Tekniken med flerkärniga processorer innebär förbättrad prestanda hos vissa programvaror. Det är inte säkert att alla kunder eller program kan dra nytta av denna teknik. Prestanda och klockfrekvens varierar beroende på programmets arbetsbelastning samt hårdvaru- och programvarukonfigurationer. Intels numrering, varumärken och/eller beteckningar är inte ett mått på högre prestanda.

<sup>4</sup> Some functionality of this technology, such as Intel® Active Management Technology and Intel Virtualization technology, requires additional 3rd party software in order to run. Availability of future "virtual appliances" applications for Intel vPro technology is dependent on 3rd party software providers.

<sup>5</sup> For systems configured with more than 3 GB of memory and a 32-bit operating system, all memory may not be available due to system resource requirements. Addressing memory above 4 GB requires a 64-bit operating system. Actual data rate is determined by the system's configured processor. See processor specifications for supported memory data rate.

<sup>6</sup> För hårddiskar och SSD-enheter är 1 GB = 1 miljard byte. TB = 1 biljon byte. Den kapacitet som faktiskt formateras är lägre. Upp till 36 GB (i Windows 10) av systemdisken har reserverats för systemåterställningsprogrammet.

<sup>7</sup> Wireless access point and internet service required. Availability of public wireless access points is limited. The specifications for the 802.11ac WLAN are draft specifications and are not final. If the final specifications differ from the draft specifications, it may affect the ability of the notebook to communicate with other 802.11ac WLAN devices.

<sup>8</sup> HP Support Assistant requires Windows and Internet access.

<sup>9</sup> HP Sure Start Gen4 is available on the HP Engage Go Convertible equipped with 7th generation Intel® processors.

<sup>10</sup> EPEAT®-registrerad där så är tillämpligt. EPEAT-registreringen varierar i olika länder. Se registreringsstatus per land på [www.epeat.net](http://www.epeat.net). Se HPs butik för 3:epartsalternativ för solenergitillbehör på [www.hp.com/go/options](http://www.hp.com/go/options).

<sup>11</sup> Externa nätaggregat, strömsladdar, kablar och kringenheter har inte låg halogenhalt. Reservdelar som erhålls efter köpet kanske inte har låg halogenhalt.

<sup>12</sup> Intel® Turbo Boost technology requires a PC with a processor with Intel Turbo Boost capability. Intel Turbo Boost performance varies depending on hardware, software and overall system configuration. See [www.intel.com/technology/turboboost](http://www.intel.com/technology/turboboost) for more information.

<sup>13</sup> Windows 10 MM14 battery life will vary depending on various factors including product model, configuration, loaded applications, features, use, wireless functionality, and power management settings. The maximum capacity of the battery will naturally decrease with time and usage. See [www.bapco.com](http://www.bapco.com) for additional details.

<sup>14</sup> LTE/HSPA+ WWAN options available (not available with barcode scanner).
