Please refer to the HP Healthcare Edition HC241/HC241p Clinical Review display user guide for instructions on cleaning this product. Here are additional instructions for cleaning with specific germicidal wipes.

- Turn off the display.
- Disconnect any external devices.
- Dust the display by wiping the screen and the cabinet with a soft, clean antistatic cloth.

IMPORTANT: The cloth should be moist, but not wet. Water dripping into the ventilation or other points of entry can cause damage to the display. Allow the unit to air-dry before use.

Next, use any of the following germicidal wipes* to clean all exposed surfaces of your display. Refer to the directions for use provided by the manufacturer of the wipes.
