

HP Convertible 14.1 Tote

A modern notebook tote that's as flexible as you are

Your day is unpredictable. Choose a bag that complements your life in and out of the office and all points in between. The HP Convertible 14.1 Tote converts from a backpack to a tote with tons of room for your notebook, work essentials, and even a change of clothes and shoes.

One bag for the whole day

When you can't stop to change bags between home and work and back again, this tote has space to spare for everything you need—from your tech and papers to your lunch and gym clothes. And you can carry it or wear it, whatever suits the moment.

A bag that opens wide

Quickly locate your essentials with the tote's large top opening and 11 pockets—inside and out—so you don't have to dig to the bottom or unpack your life in front of the world, and you know exactly where everything is.

Extra space when you need it

If you've ever wished you had just a little more room in your bag, now you do with an expandable compartment that keeps your personal items separate from your notebook and work supplies.

Easy-access charging on the go

Charge your phone and other devices without ever opening the bag with an exterior USB port, pass-through cable management, and thoughtfully-designed internal pocket for your power bank.¹

Built-in theft protection

Arm yourself against electronic pick-pocketing with the RFID-blocking pocket. Deter tampering and access to your valuables with unbreakable, lockable² double-teeth zipper.

Comfortable commute

Carry the tote with the comfortable double handles or convert it to a backpack to wear over your shoulders and keep your hands free. Conveniently stack on top of your rolling suitcase with the luggage pass-through when you travel.

1. Power bank sold separately.

2. Lock sold separately.
