

HP Two-View Cling UV

The HP Two-View Cling UV is a translucent film made for reverse-printing using HP UV ink supplies to produce vivid, eye-catching colour prints on two sides. This media also comes with an easy-to-apply, low-tack and replaceable adhesive and liner.

- Create long-lasting, two-sided prints without printing twice. This reverse-print film easily delivers great colour on both sides
- See vivid colour and eye-catching results on both sides using HP Two-View Cling UV and versatile HP UV ink
- Easy to apply with built-in, removable and replaceable low-tack adhesive and liner

Ideal for window or door advertising, especially for retail applications

Perfect for print service providers, especially those targeting retail customers
