

Overview

HP SATA 16x SuperMulti Drive

Model

HP SATA 16x SuperMulti Drive (Black)

QS208AA

Introduction

Now you can write to all DVD formats including DVD-RAM, store up to 8.5 GB of data or record up to 4 hours of DVD-quality video – all with the HP SATA SuperMulti drive.

The HP SATA SuperMulti Drive gives you an unprecedented storage capacity of 8.5 GB - nearly twice that of previous generation drives thanks to double layer technology. It writes to DVD+R at up to 16X, DVD-RAM at up to 12X, Double Layer DVD+R at up to 8X, DVD+RW at up to 8X, DVD-R at up to 16X, Double Layer DVD-R at up to 8X, DVD-RW at up to 6X, CD-R at up to 48X and CD-RW at up to 32X and reads from industry standard DVD-ROM media at up to 16X and CD-ROM media at up to 48X. These transfer rates, combined with conformance to worldwide DVD standards, make the HP SATA SuperMulti DVD Writer Drive a highly efficient and cost-effective storage solution for your business.

NOTE: Actual speeds may vary. HP SATA SuperMulti Drive data transfer rates up to 7,200 KB/s (CD) and 21,600 KB/s (DVD). Does not permit copying of commercially available DVD movies or other copy-right protected materials. Intended for creation and storage of your original material and other lawful uses. Double Layer discs can store more data than single layer discs. However, double-layer discs burned with this drive may not be compatible with many existing single-layer DVD drives and players.

Serial ATA: Serial ATA is the next generation ATA interface. It provides you with faster data transfer speeds, better system cooling airflow, more bandwidth, more headroom for speed increases in future generations and better data integrity helping to improve your productivity. This SATA interface connects storage devices to the PC platform providing a direct path between the storage device and the PC. This offers you the additional benefits of dedicated bandwidth, the ability to more easily identify device failures and scalability.

Key Benefits

- Store up to 8.5 GB of data or record up to 4 hours of DVD-quality video
- Write to all DVD formats including DVD-RAM
- Fastest recordable technology available today for DVD burning
- Create DVD discs that can be played on most set-top DVD players and DVD-ROM drives
- Brings quality and affordability to the creation of video, audio, still imagery, and text on high-capacity media
- Permits recording, erasing, and re-recording of CD-RW, DVD+RW, DVD-RW and DVD-RAM discs up to 1,000 times
- Includes Roxio Easy Media Creator and Corel WinDVD SD software.

Included Software

Roxio Easy Media Creator version 9 Now you can burn and share anything on CD or DVD – your music just the way you like it, your photos, your videos – even backup your critical data – faster and easier than ever.

Roxio Easy Media Creator provides you with the necessary tools to burn your digital music, preserve memories in electronic albums, create photo slide shows, print or e-mail photos, copy personal discs or save large data projects to multiple discs. In addition, when you upgrade to an HP DVD Writer you can make DVD movies that feature professional transitions with animated menus that will play on a home DVD player.

Corel WinDVD SD

Get the most out of your DVDs with Corel WinDVD SD. Corel WinDVD SD combines the picture and sound features of a PC to bring your DVDs to life.

Overview

Features include, thumbnail bookmarks to instantly find your favorite scenes, fully-adjustable zoom and pan, and more. With comprehensive audio support, including Dolby Digital two channel decoding, Corel WinDVD SD lets you enjoy an unmatched theater experience on your desktop PC.

Compatibility

The HP 16X SATA SuperMulti Drive is compatible with the HP ProDesk 600 G3 MTW; HP EliteDesk 800 G2 TWR; HP EliteDesk 800 G3 TWR; HP RP5 Retail System, Model 5810.

NOTE: Please check this product's web page on [HP.com](#) for current compatibility information.

NOTE: Not all models are available in all regions.

Service and Support

Your Option Limited Warranty is a one (1) year (HP Option Limited Warranty Period) parts replacement warranty on any HP-branded or Compaq-branded options (HP Options). If your HP Option is installed in an HP Hardware Product, HP may provide warranty service either for the HP Option Limited Warranty Period or the remaining Limited Warranty Period of the HP Hardware Product in which the HP Option is being installed, whichever period is the longer but not to exceed three (3) years from the date you purchased the HP Option.

Technical Specifications
