

### Overview

## HP Smart Zero Core Operating System

### OVERVIEW

HP Smart Zero Core is a configuration option of the HP ThinPro Linux-based thin client operating system. IT professionals get a simple and secure operating system designed to allow only one active connection at a time. HP Smart Zero Core is ideal for task-based workers or users needing controlled kiosk support. For more operating system flexibility you can switch from HP Smart Zero Core to HP ThinPro via the Configuration Center.

---

### AT A GLANCE

- Simple GUI interface
- Combination of both HP ThinPro and HP Smart Zero Core
- Firefox web connection
- RDP, Citrix or VMWare Connection
- HP Velocity
- Management via Smart Client Services or HP Device Manager

---

### Support Platforms

**Supported platforms** HP t505, t510, t610 Thin Clients – Web download  
HP t520, t620 Thin Clients – Preinstalled

---

### SOFTWARE COMPONENTS
