HP Essential Print Services

A portfolio of services for customers who want to manage their own imaging and printing environment.

Customer Value

Get peace of mind with services that can help keep devices running and business moving.

Increase Productivity

Minimize downtime to help increase productivity

Protect Imaging and Printing Investments

Consistent, reliable support from the experts

Stabilize Costs

Insure against unbudgeted repair costs

Return on Investment

HP Care Pack Services

Pre-configured support packages can extend and enhance standard limited warranties to increase uptime. Return and exchange services, onsite repair services, and value-added services are available.

HP Contractual Services

Customizable support packages provide flexibility to tailor the offering to meet specific service needs, price points, and payment terms required for the customer's business environment.

HP Priority Services

Suite of two premium service offerings help customers resolve IT challenges quickly with direct access to help desk support and dedicated account management.

- HP Priority Access
- HP Priority Management

HP Proactive Print

Advisor – Spring 2015

Customers get premium-level help in managing their print environment from HP analysts, as well as proactive and detailed reports, observations, and recommendations from HP experts.
