

HP ENVY Notebook 13-d002nn

Impossibly thin. Enviably engineered.

Thin is in. This HP ENVY notebook is the thinnest we've ever made. This superbly sleek, elegantly designed body packs the power of a high-performance PC. It's portable. It's beautiful. It's going to be your new obsession.

Thin just got thinner

At just 12.9 mm, the thinnest notebook we've ever made is guaranteed to intrigue, with an artfully-crafted all-metal body and stunning Full HD or optional Quad HD+ display.¹

Engineered for excellence

With 6th generation Intel® Core™ i processors², up to 512 GB SSD, and a full range of ports, performance and supreme thinness go hand in hand.

¹ Quad HD display is optional. High definition (HD) content is required to view high-definition images. ² Multi-Core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. 64-bit computing system required. Performance will vary depending on your hardware and software configurations. Intel's numbering is not a measure of higher performance. Intel and Core are trademarks of Intel Corporation in the U.S. and other countries.

Datasheet

HP ENVY Notebook 13-d002nn
