

Blue Angel certified HP printing systems

according to RAL-UZ 205 and RAL-UZ 171 basic award criteria

-  The environmental goals of HP are to provide products and services that are environmentally sound throughout their life cycles and to conduct worldwide operations in an environmentally responsible manner. Therefore, HP incorporates guidelines from the German Blue Angel eco label into its product design and certifies a wide range of devices in different user segments.
-  The German Blue Angel environmental label is awarded to HP printing systems for meeting more than 100 strict criteria as defined by RAL-UZ 205 (valid as of January 2017) or the previous version RAL-UZ 171 (valid until December 2017).
-  Original HP ink and toner cartridges of the certified printing systems fulfill the strict Blue Angel requirements for supplies and are tested with the related devices. Thus, HP can only ensure compliance of its printers and multifunctional devices with the Blue Angel criteria when they are operated with original supplies.
-  HP provides a Blue Angel User Information document for devices certified with the Blue Angel in Germany. These documents display relevant environmental product features in detail. They can be accessed [here](#) on the HP website.
-  More information on the Blue Angel and certified HP products is available on the [Blue Angel section of the HP website](#).

This eco label demonstrates compliance with more than 100 strict criteria.

The following HP printing systems are awarded with the environmental label Blue Angel (acc. to RAL-UZ 205) of the German Federal Environmental Agency:

Status: 11 September 2017

HP LaserJet Enterprise M607dn
HP LaserJet Managed E60055dn
HP LaserJet Enterprise M608dn
HP LaserJet Enterprise M608dh
HP LaserJet Enterprise M608x
HP LaserJet Managed E60065dn
HP LaserJet Managed E60065x

HP LaserJet Enterprise M609x
HP LaserJet Enterprise M609dn
HP LaserJet Enterprise M609dh
HP LaserJet Managed E60075dn
