If available, please attach digital photos of all six sides of a suspicious print cartridge box and a close-up of the security label (if present) to the email before sending. Then send the automatically-generated email – and HP's ACF experts will be in touch with you shortly.

The HP ACF Programme will evaluate your request and decide whether a CDI can be conducted. Please note that in order to make the free service viable, only large and mid-sized deliveries can be inspected on-site.
