

Overview of security labels on HP ink cartridges

The HP Anti Counterfeiting and Fraud (ACF) Programme for channel partner and customer protection in EMEA

April 2016

Where to find selectability numbers and language options on original HP ink cartridge boxes in EMEA:

(caution: cartridge boxes with multilingual options, instead of language options, have no indication on the box)

Selectability number

Language option

The table below summarises which original HP inkjet print cartridges come with a label, relating to the language option and selectability number on the box. You may have reason to be suspicious if a security label is missing from products listed in the blue sections.
