

Titan JUXT

Engineered by HP, Inc.

Elegant designs with a modern technological twist.

Titan JUXT, the connected device blends impeccable design & craftsmanship with innovative, modern technology. Life is simple when you have everything important right on your wrist. With notifications, alerts, and much more, this timepiece keeps you truly connected.

Digital technology, analog style

The Titan name has become synonymous with durability, dependability, and design. Titan JUXT adds advanced technology to classic Titan styling.

Keeps you connected

Stay connected so you never miss what's important--personally or professionally. Vibrations and visual cues notify you of calls, appointments, texts, and more at your discretion. It's all there at a glance, right on your wrist.

Engineered by HP

Exceptional performance engineered by HP. Designed to work with iOS and Android smartphones. Water-resistant up to 5 ATM. Battery life up to 5 days.*

Stay on schedule with calendar alerts

- Manage your schedule with ease. Calendar appointment reminders sent to your wrist keep you on time.

Stay informed with notifications

- Keep up with everything in your digital life with notifications for both personal messages and your favorite apps.

Stay in touch with incoming call alerts

- Alerts on your watch ensure you never miss an important call. Or, you can screen your calls at your discretion.

Stay global with your world clock

- Check the time in the cities most important to you around the world.

Stay in motion with step counting

- Set daily activity goals and track your steps.

Stay personal with messages

- Receive personal SMS and social media messages instantly.

Stay customized with the app

- The exclusive Titan JUXT smartphone app allows you to customize watch settings and notifications--your watch your way.
