France, October 2016

French officials foil plans to distribute risky counterfeits

- Customs authorities at France's largest airport intercepted two shipments with altogether 1,350 counterfeit toner cartridges and components for HP printers during August and September.
- The officials thus protected multiple unwitting customers from falling victim to risky products.
- HP, who supported the actions by identifying the fake goods, sincerely thanks the vigilant French authorities.

Protect your company against fakes

- We recommend to only buy from trusted vendors such as HP channel partners and to explicitly ask for HP originals. [Learn more!](#)
