

HP Pavilion Wave 600-a001nh

A PC ready to be seen and heard

You've never seen a desktop like this before. Because there's never been a desktop like this before. Get full desktop power, fully integrated audio, and sleek modern style with the HP Pavilion Wave. You'll never look at your PC the same way again.

Impressive power

This desktop beauty packs all the power and performance of a standard desktop in a fraction of the space. Get the performance of a 6th generation Intel® Core™ i processor¹, up to 8 GB memory, and graphics cards on select models.

Entertainment on board

HP's first tower with a fully integrated audio experience, built around a speaker and top cap engineered to reflect the sound in any direction. Fill the room with sound, or web chat with incredible clarity using the integrated microphones.

Designed to be seen

Why hide it under your desk? This PC was styled to stand out. With its beautifully modern 360° design, this desktop really deserves to be displayed.

¹ Multi-core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel's numbering is not a measurement of higher performance.

Featuring

Windows 10

Do great things confidently with the familiar feel of Windows—only better.

802.11ac (1x1) WLAN & Bluetooth® 4.2

Stay connected to Wi-Fi and to Bluetooth® accessories with wireless technology.

DDR4 RAM options

Designed to run more efficiently and more reliably at faster speeds, DDR4 is the future of RAM. With its higher bandwidth, everything from multi-tasking to playing games gets a performance boost.
