All power. No limits.

With the incredible performance of the latest 13" (33.8 cm) diagonal ENVY laptop, you don't have to treat challenges as roadblocks. Exceed boundaries and take on whatever comes next with powerful features and stunning design engineered to help you succeed.

### Powered for excellence

With a high-performance Intel® Core™ processor<sup>1</sup>, up to 10 hours of battery life<sup>2</sup>, and lightning-fast solid state storage, there's nothing you can't handle.

### Thin without limitation

This remarkable laptop is ready for your attention. With an edge-to-edge glass display, thin, all-metal body, and unique lift technology, it perfectly blends desirable features into a beautifully elevated design.

BANG & OLUFSEN

### Raising the bar on entertainment

Experience a whole new world of entertainment. A gorgeous FHD or QHD+ (on select models) display<sup>3</sup>, expert audio tuning by Bang & Olufsen and booming HP Audio Boost revolutionize your content.

<sup>1</sup> Multi-core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel's numbering is not a measurement of higher performance. <sup>2</sup> Battery life will vary depending on various factors including product model, configuration, loaded applications, features, use, wireless functionality, and power management settings. The maximum capacity of the battery will naturally decrease with time and usage. See <https://bapco.com/products/mobilemark-2014/> <sup>3</sup> Quad+ high-definition (QHD+) content is required to view full QHD+ images.
