

# BOSS Classic Smartwatch - Stainless Steel

Distinctive style meets smart technology. Beneath the beautifully designed analog dial is something new. Equipped with technology Engineered by HP, this Smart watch features a discreet OLED display that keeps you connected to your digital world with on-screen messages, notifications, activity tracking, a world clock and more<sup>3</sup>. Yet because it's a watch first, the analog movement will always tell the time, even when the smart technology module isn't charged.

## **Genuine product meets smart technology**

- The BOSS Classic Smartwatch is designed for men with taste and ambition. This connected watch is key to an organized life – its many functions enable you to keep track of all the important metrics in your day.

## **A Smarter Watch**

- This distinguished analog timepiece with connected functionality will always keep the time, even when the watch is not charged. With up to 5 days of battery life<sup>1</sup> for its connected features and water resistance, you keep connected with what matters most, hassle free, all week long.

## **Tailored Essentials**

- A discreet display, hidden when inactive, and vibrations, keep you instantly informed at a glance. The sleek BOSS Watches app<sup>2</sup> lets you prioritize notifications by who, what, when and how you like to stay informed. Track your steps without compromising your personal style. View your step count on the display, and set daily step goals and review your progress by day, week, or month with the app.

## **Engineered by HP**

- Stay connected without sacrificing your personal style for your personal technology. Smart technology and BOSS Watches app<sup>2</sup>, Engineered by HP, is supported by both iOS (9+) and Android (4.4+) smartphones<sup>3</sup>.
