

Scuderia Ferrari Ultraveloce Smart Watch - Red Strap

Winning sports style fueled by smart technology. Leading the way with winning team colors and details, this sporty smart watch is fueled by innovative technology engineered by HP. Powered to keep you up to speed in today's connected world, it features a hidden digital display window that lets you track daily steps, preview emails and text messages, receive calendar alerts, and check caller ID³. View the synced local time and world time selection in the display.

Winning sports style fueled by smart technology

- Evincing the powerful character of a Scuderia Ferrari race car, this sporty smart watch packages cutting-edge wearable technology, Engineered by HP. Stay up to speed in today's connected world. Preview messages and notifications, check caller ID and track steps on the dial.

A Smarter Watch

- This distinguished analog timepiece with connected functionality will always keep the time, even when the watch is not charged. With up to 5 days of battery life⁴ for its connected features and water resistance, you keep connected with what matters most, hassle free, all week long.

Tailored Essentials

- A discreet display, hidden when inactive, and vibrations, keep you instantly informed at a glance. The sleek Scuderia Ferrari Ultraveloce app² lets you prioritize notifications by who, what, when and how you like to stay informed. Track your steps without compromising your personal style. View your step count on the display, and set daily step goals and review your progress by day, week, or month with the app.

Engineered by HP

- Stay connected without sacrificing your personal style for your personal technology. Smart technology and Scuderia Ferrari Ultraveloce app², Engineered by HP, is supported by both iOS (9+) and Android (4.4+) smartphones³.
