

HP COMMERCIAL DESKTOPS ARE...

ENERGY EFFICIENT!

Every EliteDesk and EliteOne product exceed ENERGY STAR standards by at least **20%**.¹ Since 2010, HP has reduced the energy consumption of personal systems products by **25%** on average.²

FOOTPRINT CONSCIOUS!

PCF/LCA results available for all products. From 2014 to 2015, The business desktop category reduced plastic and metal usage per unit by **23%** and **16%**, respectively.³

MADE WITH SMART MATERIALS CHOICES!

48% of commercial desktops introduced in 2015 contained more than 10% recycled plastic.⁴ Antimony and beryllium have been eliminated from all 600,700, and 800 series products.⁵

ETHICALLY PRODUCED!

In 2016, HP earned a perfect 10 out of 10 scores for corporate social responsibility in Gartner's Supply Chain Top 25 ranking. HP conducted almost 200 audits of supplier facilities in 2015.⁶

HP EliteDesk 800 G3 Series: Designed with the Environment in Mind

ECO Labels and Recognition:

ENERGY STAR® Certified

EPEAT® Registered Gold¹

Environmental Product Design and the Circular Economy:

Recycled Content:

- On average, almost 20% recycled plastic
- Meets US EPA postconsumer recycled content guidelines for packaging

Extending Product Life

- Tested to MIL810g for durability²
- Highly serviceable – replaceable hard drive or SSD, WLAN module, memory, fan, RTC battery, speaker, and more
- The Desktop Mini is extremely modular – replace modules to extend customized performance!

HP ProDesk 600 G3 Series: Designed with the Environment in Mind

ECO Labels and Recognition:

ENERGY STAR® Certified

EPEAT® Registered Gold/Silver¹

Environmental Product Design and the Circular Economy:

Recycled Content:

- On average, almost 20% recycled plastic
- Meets US EPA postconsumer recycled content guidelines for packaging
