

OMEN Desktop 870-206nx

Rank up or be forgotten

Go from gamer to gaming legend with the thrilling level of power competition demands. This OMEN desktop combines cutting-edge design and the industry's latest hardware to deliver a performance monster, ready to handle intensive AAA games with ease, and look good doing it.

Championship-caliber performance

Intel® Core™ processors¹, NVIDIA® GTX™ or AMD RX graphics, plus overclocking controls on select models. With this beastly hardware, you'll always get the high FPS and crystal-clear graphics competition demands.

Equipped with the best

Overclock without fear and push your performance to the very edge, because with optional liquid cooling your machine always stays frosty.² (Overclocking and liquid cooling features on select models)

Built for the podium

The sleek, brushed-metal chassis and customizable LED lighting strikes the perfect balance of sophisticated looks and raw, gamer attitude.

OMEN

¹ Multi-core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel's numbering is not a measurement of higher performance. ² Not applicable on products that are "Fanless" or that do not have an accelerometer.
