Tanzania, April 2017

Tanzanian officials score major new ACF successes

- ▶ In February and March 2017, Tanzanian authorities successfully wrapped up two actions against counterfeiting of fake cartridges for HP printers: They raided premises used by a major internationally-active counterfeiting ring, and acted against a local trader of counterfeits.
- ▶ In total, more than 145,000 counterfeit cartridges and components were seized as well as materials and equipment for manufacturing counterfeits.
- ▶ HP thanks the officials involved for their outstanding work.
