ACF Success Notice for corporate customers
Russia, July 2016

Russian officials shatter counterfeiting organisation

- In mid-June, Russian authorities successfully took action against a major distributor of counterfeits in Moscow.
- During the raid actions, which targeted several buildings in a residential area, local officials seized over 1,600 counterfeit toner cartridges for HP printers as well as fake toner security labels.
- HP congratulates the Russian authorities and is proud to have supported this fantastic feat that protects customers from risky counterfeits.

Protect your company against fakes

- We recommend to only buy from trusted vendors such as HP channel partners and to explicitly ask for HP originals. [Learn more!](#)

- If you have received a delivery of suspicious cartridges, please ask for one of our free Customer Delivery Inspections (CDIs). [Learn more!](#)
