

# HP ENVY All-in-One PC 27-b103np

## Art of power

With sophisticated style and exceptional performance, the HP ENVY All-in-One transforms your work space into a gallery space. It combines sleek, modern design with cutting-edge power for a machine you won't just want to work on – you'll want to show off.

### Artful style

Picture this: a 68.6 cm (27") diagonal floating glass Micro Edge display balanced perfectly on a thin metal stand. This stunning work of art brings modern grace and timeless elegance to your home.

### Standout performance

With unique features like a pop-up privacy camera and mic, Intel® Core™ i5/i7 processor<sup>1</sup>, and up to 16GB of RAM, you can safely stream, play, and work beyond all expectations.

### Front-row entertainment

This QHD or on select models 4K<sup>2</sup> display with touchscreen brings the ultimate cinematic experience. Paired with HP quad speakers and audio by Bang & Olufsen, your home is at the forefront of entertainment.

<sup>1</sup> Multi-core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel's numbering is not a measurement of higher performance. <sup>2</sup> Quad high-definition (QHD) content is required to view full QHD images and 4K content is required to view full 4K images.
