

**The HP Anti Counterfeiting and Fraud (ACF) Programme
for channel partner and customer protection in EMEA**

ACF Success Notice for corporate customers
Nigeria, September 2017

Twin raids lead to major seizures of counterfeits

- In coordinated raids at two trading companies in August 2017, Nigerian officials cracked down on major sources of counterfeit cartridges.
- The authorities confiscated over 380,000 illicit items, including large numbers of components, before they could be assembled into risky fakes and sold to customers.
- HP sincerely thanks the officials for their commitment and successful cooperation.

Protect your company against fakes

- We recommend to only buy from trusted vendors such as HP channel partners and to explicitly ask for HP originals. [Learn more!](#)

- If you have received a delivery of suspicious cartridges, please ask for one of our free Customer Delivery Inspections (CDIs). [Learn more!](#)
