

Samsung Printers and MFPs

A solution for every situation.

Samsung is the fastest-growing printer and MFP manufacturer, and number two laser printer company worldwide. Our innovations and designs have won us more than 100 awards for performance, innovation and eco-friendliness. All of which is combined with Samsung reliability, for solutions customers can grow with.

Global leadership

- Fastest-growing printer and MFP manufacturer
- #1 laser printer company in 20 countries
- #2 laser printer company worldwide

Design innovations

- Samsung has won more than 100 awards for performance, innovation and eco-friendliness
- Easy-to-install accessories and toner
- Easy-to-navigate color touchscreens and intuitive menus
- Smaller, lighter and quieter
- Android based UI*

Eco-friendly leadership

- Eco Mode and Easy Eco Driver save toner, paper and money
- Low power consumption.

Samsung value

- More features and higher performance
- Increased toner yields offer best CPP by far and lowest TCO
- Samsung reliability reduces downtime

Enterprise-level security

Samsung's enterprise-level encryption and hard disk overwrites (up to 7) ensure end-to-end security, even when working remotely.

Warranty

Original Samsung parts are available to your service department. Samsung offers extended maintenance contracts covering parts and labor.

Smart user experience

As part of the SMART UX Center,* Samsung's Printing App Center enables users to easily set up printers by downloading essential apps from a web portal. Other convenient options include the Workbook Composer, which gives users the ability to crop desired content, automatically scan it, and save it for final formatting and editing without needing a PC. Many more apps including workflow, serviceability, and connectivity enhancements are available through the App Center.

Seamless manageability and flexibility with a secure platform

The eXtensible Open Architecture (XOA) and Android platforms empower your business to seamlessly run Samsung Solutions (BCPS*, PrinterOn*) or independent software vendor (ISV) server-based productivity solutions that meet your specific business needs. XOA and Android* can make printing output comply with your account policies, integrate with your Document Management System, set and enforce printing rules, and more.

Wireless option with active NFC and BLE* (Bluetooth)

Users can connect and print with ease using Samsung MFPs with advanced NFC and BLE* technology. Simply tap to print, scan or fax documents with any NFC-supported mobile device. The wireless option with active NFC and BLE* provides easy Wi-Fi setup, cloning, authentication, and management through a mobile device, while Samsung Mobile Print Pro provides user authentication and job accounting.

Dealer support

- Front- and back-end incentive programs
- Marketing materials and lead generation
- Sales training and demo machines for customer evaluations
- Special bid and volume pricing
- Dedicated Account Managers
