

HP USB Headset 500

Wired headphones with seamless Cortana integration for work and play

Take calls, listen to music, and easily use Cortana on a headset built to keep you connected. With great quality sound, a cushioned design, and Cortana integration for ultimate control, you're ready for whatever the day sends your way.

Cortana at the ready

- Easily switch from calls and music to Cortana with a simple tap-to-connect button.¹

Skype-ready

- Listen and be heard clearly with great audio performance that has been optimized for Skype.²

Hear you loud and clear

- Your voice plays through the headset, producing the natural sound of an in-person conversation.

Featuring

- The flat, tangle-free cable and hook and loop fastener make cable management easy while giving easy access to volume control.
- This adjustable microphone ensures you're heard clearly and can be pushed back when not in use.
- Designed for portability with a collapsible headband and ear cups that fold in for storage and travel.
- Cushioned, over-ear design reduces ambient noise while providing comfort for extended usage.
- Easily plug in to all your favorite USB enabled devices.

¹ Some features including voice supported Cortana, inking, and Continuum require more advanced hardware. See www.windows.com. Apps sold separately.

² Listening to personal stereo equipment at full volume for long periods can damage the user's hearing. To reduce the risk of hearing damage, lower the volume and amount of time listening at full volume.
